**Re: Withdrawal of STA Request
Station WYDT-CA (FIN: 25538)
File No. BLSTA-20120518ABW**

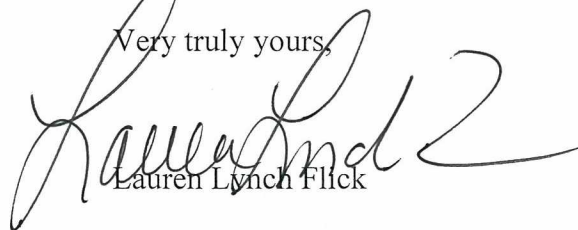

Dear Ms. Dortch:

On behalf of Guenter Marksteiner, this letter is to request that the Commission dismiss the above-referenced request for Special Temporary Authority as moot.

The station anticipated commencing work at its site that would require it to power down. However, that work did not commence as expected and the station did not need to power down. Accordingly, the station did not utilize the requested STA and respectfully requests that the request be dismissed as moot.

Please direct any communications regarding this matter to the undersigned.

Very truly yours,

Lauren Lynch Flick
