Burlington County, NJ

Dear Mr. Mazziotta:

This letter is to certify that on July 13, 2006, Evers Associates, Inc. observed the positioning of the new WBZC directional antenna as required by the FCC construction permit, file number BMPED-20050112ACV. As of the date of the field work, the azimuth orientation was 264 degrees true north as shown on Shively Labs Report, Figure 2. The method used to establish true north was NAD 83, GPS observations taken on July 10, 2006.

**For Evers Associates, Inc.**

---
