ALTUS, OKLAHOMA
July 2010

TECHNICAL STATEMENT

This Technical Statement was prepared on behalf of Oklahoma Community Television, LLC ("OCT"), permittee of TV translator K43KS-D, Channel 43, Altus, Oklahoma. OCT holds an outstanding permit to reduce the maximum effective radiated power of K43KS-D (BMPD TT-20091228AFK). This instant application seeks a license to cover the outstanding permit. Attached as Exhibit A is a calculation of the transmitter output power for the K43KS-D transmitter.

There are no special operating conditions/restrictions listed on the K43KS-D permit. However, OCT will, in cooperation with other tower users, reduce the power of K43KS-D or cease operation, as necessary, to insure that persons having access to the tower will not be exposed to radio frequency electromagnetic fields in excess of the FCC's guidelines. Based on the foregoing, it is believed K43KS-D is operating pursuant to the Commission's rules.
