### **SUPERVISING ENGINEER'S CERTIFICATION**

#### **CERTIFICATION:**

This is to certify that the Propagation Systems, Inc. Directional Antenna system specified for KJZP-FM located in Prescott, Arizona was assembled and installed by qualified personnel, under my supervision, pursuant to the manufacturer's detailed specifications and instructions. The installation was carried out in accordance with good engineering practices.

#### **QUALIFICATIONS:**

I am the owner and President of Arizona Broadcast Service, Prescott, Arizona. I have held the position of Chief Engineer for KJZP-FM licensee SPBC since 2004, and have actively participated in the design, installation and maintenance of all SPBC equipment and operating systems since then. In addition I am the Chief Engineer for 9 other local radio and television broadcast facilities in Mohave, Maricopa, Yavapai and Coconino Counties in Arizona. I currently hold a General Radiotelephone Operator license # PG-19-15488 issued in 1985. I also hold the Amateur Call sign of KD7KJL.

Sincerely,

**Mark Parthe  
Owner  
Arizona Broadcast Service**
