

Exhibit 6
Other Broadcast Interests

As a result of insolvency proceedings in the Superior Court for the State of Washington for King County (the “Court”), and pursuant to the order of that Court and the approval of the Commission. (*See* BAL-20100517ADY), Revitalization Partners, LLC (the “General Receiver”) is administering the property of New Northwest Broadcasting, LLC (“New Northwest”), former licensee of the following radio broadcast stations, subject to the provisions of the Washington statute applicable to general receiverships and the court rules applicable to them. (*See* WASH. REV. CODE § RCW Ch.7.60). As previously approved by the Commission, the General Receiver holds these licenses as part of a Court-supervised process for resolving the estate of the debtor New Northwest through the assignment of all of the former New Northwest radio stations to new owners for the benefit of New Northwest’s creditors. Neither the General Receiver nor its attributable principals have any other attributable broadcast interests.

Applications have now been filed with the Commission for the consent to the assignment to permanent licensees of all of the radio broadcast station licenses formerly held by New Northwest and now held by the General Receiver pending disposition under supervision of the Court.

On December 1, 2010, Revitalization Partners, LLC, General Receiver, filed an application for assignment of license for KTCR(AM), KEGX(FM), KUJ-FM and K232CB to Townsquare Media Tri-Cities License, LLC. *See* Broadcast Applications, Report No. 27376, released December 6, 2010.
