Lazer Licenses, LLC
200 South A Street, Suite 400
Oxnard, CA 93030

Re: KMLY (FM), Carmel Valley, CA
Lazer Licenses, LLC
Facility Identification Number: 164096
Special Temporary Authority
BESTA-20150611AAG

Dear Mr. Martin:

This is in reference to the STA request by Lazer Licenses, LLC ("LL"), filed June 11, 2015, seeking a fourth extension of the Special Temporary Authority ("STA") granted May 16, 2013, for continued temporary operation while the licensee pursues a permanent site for the station.¹ The STA operation provides 60 dBu coverage over most of the community of license.

The request for extension of STA IS HEREBY GRANTED. Station KMLY may continue to operate with the following temporary facilities:

Geographic coordinates:	36° 25' 52" N, 121° 40' 32" W (NAD 1927)
Channel	290A (105.9 MHz)
Effective radiated power:	0.010 kilowatt (H&V, directional)
Antenna height:	
above average terrain:	10 meters
above mean sea level:	555 meters
above ground:	8 meters

We expect that broadcast operations from this facility will be maintained through the term of this STA request. Extensions may be requested and approved, provided the request demonstrates continued progress toward resuming licensed operation. LL must use whatever means are necessary to protect workers and the public from radiofrequency exposure in excess of the Commission's exposure guidelines. See 47 CFR § 1.1310.

¹ LL is licensed to operate at Carmel Valley, CA on Channel 290A (105.9 MHz), with an ERP of 0.8 kW at an antenna height above average terrain (HAAT) of 276 meters. KMLY has construction permit application BPH-20130411AAK awaiting review by the staff.

This authority expires on **December 14, 2015**.

Sincerely,

A handwritten signature in black ink, appearing to read "Dale Bickel". The signature is written in a cursive style with a large initial "D" and a long, sweeping underline.

Dale Bickel
