## Surveyor's Certification

This letter is to certify that Michael J. Pasonick, Jr. & Associates, Inc. performed a field survey on November 18, 2010 at the WZZH transmitter site located at Salem Mountain Road, Carbondale Township, Lackawanna County, PA and reviewed the installation of the WZZH directional antenna installed on a tower at the location. The survey was performed for Four Rivers Community Broadcasting, Station WZZH Honesdale, PA. I have verified the antenna is mounted according to the manufacturer's installation specifications showing the antenna to face at a direction of 145 degrees from true north.

I am a licensed surveyor in the Commonwealth of Pennsylvania.
