RE: Radio License Holding CBC, LLC
New FM Translator
Port Allen, LA
Fac ID 202739
BNPFT-20180131ADI

Dear Secretary:

Our client, Radio License Holding CBC, LLC, applied for a new FM translator to rebroadcast WXOK AM, Port Allen, Louisiana on January 31, 2018 during the Auction 100 filing window for new translators for Class A and B AM stations (BNPFT-20180131ADI). During the completion of the online "tech box" for the new translator, a typo was made resulting in the latitude being entered as 31° instead of the correct 30°. As noted in the balance of the tech box, the AM station WXOK is licensed to Port Allen, Louisiana and the proposed translator antenna site is to be located on the WXOK AM tower.

We herein request a correction of coordinates for this application from 31° latitude to 30° latitude. No other changes are requested. The correction of coordinates for the Port Allen, Louisiana translator application will not result in mutual exclusivity with any other applications or existing stations, as noted on the enclosed Interference Study.

We appreciate your attention to this matter.

Sincerely,

Richard S. Graham Jr.
Graham Brock, Inc.

Terrain database is FCC NGDC 30 Sec, R= 73.215 qualifying spacings or FCC minimum spacings in KM, M= Margin in KM

In & Out distances between contours are shown at closest points. Reference Zone= East Zone, Co to 3rd adjacent.

All separation margins (if shown) include rounding. Call signs with exclamation marks need not be protected.

Ant Column: (D= DA Standard, Z= DA 73.215, N= Not DA 73.215, _= Omni), Polarization (C,H,V,E), Beamtilt(Y,N,X)

""affixed to 'IN' or 'OUT' values = site inside restricted contour.

< = Station meets FCC minimum distance spacing for its class.
