

**ENGINEERING STATEMENT OF JAMES D. SADLER
IN SUPPORT OF A REQUEST FOR
SPECIAL TEMPORARY AUTHORITY
STATION WMCA – NEW YORK, NEW YORK
570 kHz – 5 kW, U, DA-1
Facility ID: 58626**

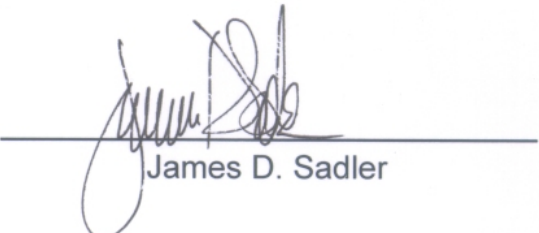

Licensee: Salem Media of New York, LLC

I am a Technical Consultant, an employee in the firm of Carl T. Jones Corporation, with offices located in Springfield, Virginia. My education and experience are a matter of record with the Federal Communications Commission.

This office has been authorized by Salem Media of New York, LLC (herein "Salem Media"), licensee of AM Broadcast Station WMCA, New York, New York, to prepare this engineering statement in support of a request for Special Temporary Authority (STA). Station WMCA is licensed for operation on 570 kilohertz with power of 5 kilowatts during daytime and nighttime hours employing a single directional antenna pattern during day and night (DA-1). Salem Media is having the towers painted and requests Special Temporary Authority (STA) to operate with a non-directional antenna during daytime hours as required while the painting crew is working on the towers. Operation will be with 25 percent of its licensed (1,250 Watts) power level.

This statement was prepared by the undersigned and the information contained herein is believed to be true and correct.

DATED: June 5, 2015

James D. Sadler
