Re: KYLD (FM), San Francisco, California
Facility Identification Number: 59989
AMFM Radio Licenses, LLC
Special Temporary Authority
Hybrid IBOC Digital Operation

Dear Counsel:

This is in reference to the request filed February 6, 2007, on behalf of AMFM Radio Licenses, LLC ("AMFM"). AMFM requests extension of the special temporary authority ("STA") granted on August 24, 2004, to operate Station KYLD with a hybrid digital signal,¹ pursuant to the *First Report and Order* in MM Docket No. 99-325 ("*Report and Order*").² AMFM proposes continued operation with separate analog and digital antennas, pursuant to the Public Notice issued March 17, 2004 ("Public Notice").³ Our review indicates that the proposed operation complies with the requirements of the Public Notice.

Accordingly, the request for extension of STA IS HEREBY GRANTED. Station KYLD may continue to operate with a hybrid digital signal as defined in the *Report and Order*.⁴ The digital signal will be transmitted via licensed auxiliary antenna BLH-19900104AC. The digital transmitter power output will be 0.665 kilowatt. The analog transmitter power output will be 15.5 kilowatts. AMFM must use whatever means are necessary to protect workers and the public from exposure to radio frequency radiation in excess of the Commission's exposure guidelines;

¹ KYLD is licensed for analog operation on Channel 235B (94.9 MHz) with effective radiated power of 30 kilowatts (H&V) and antenna height above average terrain of 369 meters.

² *Digital Audio Broadcasting Systems and Their Impact on the Terrestrial Radio Broadcast Service*, MM Docket No. 99-325, *First Report and Order*, (October 11, 2002).

³ *Public Notice*, "Use of Separate Antennas to Initiate Digital FM Transmissions Approved", MM Docket No. 99-325, DA 04-712 (October 17, 2004).

⁴ See *Report and Order*, Appendix B.

See 47 CFR § 1.1310. Pursuant to 47 CFR Section 73.1635(b), this authority may be modified or cancelled by the Commission without notice or right to hearing. AMFM must post a copy of this authority with the station license. Any subsequent modification of the licensed analog facilities will require a modification of this authority.

This authority expires on **August 20, 2007**.

Sincerely,

A handwritten signature in dark ink, appearing to read "Charles N. Miller". The signature is fluid and cursive, with a long horizontal stroke at the end.
