

## **TIME BROKERAGE AGREEMENT**

**This TIME BROKERAGE AGREEMENT** ("Agreement") is entered into this 5th day of May, 2008, between **THE ESTATE OF HAROLD J. HALEY** ("Licensee"), **Peggy Sue Marsh, Administrator / Legal Guardian of Peggy Sue Haley, N. C. M., and LIVINGSTON TELEPHONE COMPANY / LIVINGSTON TELCOM SUPPLY, INC.**, a corporation organized under the laws of the State of Texas ("Programmer").

**WHEREAS**, Licensee holds certain licenses, permits and authorizations issued by the Federal Communications Commission (the "FCC" or "Commission") for the operation of KETX(AM)(FCC Facility ID No. 52895) and KETX-FM (FCC Facility ID No. 52897), and low power television station KETX-LP (Facility ID No. 52899), all licensed to Livingston, Texas (the "Stations"); and

**WHEREAS**, Licensee has agreed to sell the Stations, and Programmer has agreed to purchase the Stations, pursuant to that certain Asset Purchase Agreement by and between Licensee and Broker dated as of even date herewith (the "Purchase Agreement"); and

**WHEREAS**, Licensee has broadcast time available for sale on the Stations and desires that Programmer provide programming to fill such time that is responsive to the needs, interests, issues and desires of the Stations' community of license and service areas; and

**WHEREAS**, Programmer desires to purchase time on the Stations to present its programming on the Stations and to sell advertising time for inclusion in said programming, and is willing to purchase that broadcast time, subject to the limitations set forth herein.

**NOW, THEREFORE**, in consideration of the mutual covenants herein contained, the Parties have agreed and do agree as follows:

1. **Facilities.** Licensee shall make the Stations' studios and broadcasting transmission facilities available to Programmer to broadcast Programmer's Programming on the Stations, or otherwise cause to be broadcast, Programmer's programs.

2. **Payments.** Programmer hereby agrees to pay Licensee for the use of Licensee's broadcast time and its broadcast facilities the amounts specified in Attachment A hereto.

3. **Term.** Unless earlier terminated pursuant to Sections 18, 19, or 20 of this Agreement, the term of this Agreement (the "Term") shall commence upon execution of the Agreement, and shall continue until the consummation or termination of the Purchase Agreement.

4. **Programming.**

A. **Programmer's Programming.** Except as provided otherwise herein and except for downtime occasioned by routine maintenance, Licensee's broadcast transmission

facilities shall be made available to Programmer by Licensee for the maximum time authorized, up to one hundred sixty-eight (168) hours per week, Sunday through Saturday. Programmer shall furnish or cause to be furnished the artistic personnel and materials for the programming of the Stations to allow operation of the Stations in full accordance with the minimum operating requirements of the FCC, and such programming may include, without limitation, news, promotions (including on-air giveaways), contests, syndicated programs, barter programs, paid-for programs, locally-produced programs, advertising commercial matter, including that in both program or spot announcement forms, and public interest information. The programming Programmer intends to provide on the Stations is described in Attachment B, hereto, and shall assume Licensee's programming obligations under the Agreements to be assumed by Programmer under the Purchase Agreement. All programming provided by Programmer for broadcast over the Stations shall comply with the Licensee's programming policies set forth in Attachment C, hereto. Licensee, at its option, may air programming between 6 a.m. and 10 a.m. on Sundays on issues of importance to the local community. Programmer shall provide information concerning its programming that is responsive to community issues so as to assist Licensee in the satisfaction of its public service programming obligations. All actions and activities of Programmer under this Agreement, and all programming provided by Programmer, shall be in accordance with the rules, regulations, and policies of the Federal Communications Commission ("FCC") and the Communications Act of 1934, as amended (the "Act"). At minimum, the Programmer shall provide programming for a sufficient number of hours to enable the Stations to meet the minimum hours of operation required by the FCC's Rules. All advertising messages and promotional material or announcements shall comply with all applicable federal, state, and local laws, regulations, and policies. Programmer agrees that, if in the sole, good faith judgment of Licensee or the Stations' General Manager, Programmer does not comply with the standards of this paragraph, Licensee may suspend or cancel any Programming not in compliance.

**B. Programmer Feed.** In the event Programmer chooses to originate programming from a location other than Licensee's studios, Programmer agrees at its sole expense to provide a broadcast-quality feed to the Stations' transmitters. In such event, Programmer's technical personnel shall be responsible for connection of this feed to the Stations' broadcast systems and for switching the signal to air at the appropriate time, under the direction and supervision of Licensee's general manager or the Stations' general manager's delegatee.

**C. Emergency Alert System.** During all hours when Programmer is delivering the programming for broadcast over the Stations, Programmer shall include in its programming, at the appropriate times, the hourly station identification announcements required to be broadcast over the Stations. In the event Programmer chooses to originate programming from a location other than Licensee's studios, during all hours when Programmer's Programming is being broadcast over the Stations, Programmer shall maintain at such location a receiver capable of receiving test messages and alerts over the Emergency Alert System, which EAS receiver shall be either continuously monitored or compliance with FCC EAS rules shall be had in any other legal manner. In the event Programmer originates programming from Licensee's studios, Programmer shall monitor Licensee's EAS equipment through means permitted under the FCC's rules. If an EAS test or alert is received during the hours when Programmer is delivering its programming for broadcast over the Stations, Programmer shall cause the appropriate EAS test or alert message to be transmitted over the Stations and shall, in the event of an actual activation of the Emergency Alert System, cause all steps that the Stations are required to take in such an event to be taken, and shall cause the receipt and broadcast of all EAS tests and alerts to be properly recorded in the station logs. A single instance of the failure of Programmer to perform its obligations pursuant to this Section shall not constitute a basis for termination of this Agreement, unless such failure reoccurs after a written warning by

Licensee; *provided, however*, that Programmer shall indemnify and reimburse Licensee for any forfeiture received by Licensee from the FCC to the extent Licensee actually pays such forfeiture which has been issued as a result of a failure of Programmer to perform its duties under this Paragraph.

D. **Licensee's Liabilities.** Except as expressly set forth in this Paragraph 4, Programmer expressly does not assume, shall not assume or be deemed to assume any of Licensee's liabilities, obligations or commitments of any nature whatsoever.

5. **Station Facilities.**

A. **Studio.** The studios of the Stations shall be made available to Programmer by Licensee to accommodate Programmer's employees and programming responsibilities as a part of the consideration provided in Attachment A.

B. **Operation of Stations.** The Stations will operate in accordance with the authorizations issued to it by the FCC. Throughout the Term of this Agreement, except as otherwise provided herein, Licensee shall make the Stations available to the Programmer for operation with the maximum authorized facilities during authorized hours of operation, Sunday through Saturday, except for downtime occasioned by routine maintenance and as otherwise allowed under this Agreement, the Programmer hereby acknowledging that it is aware that Station KETX is licensed as a "daytime-only" Class D AM Station with a secondary nighttime authorization. Any maintenance work affecting the operation of the Stations, other than repairs or maintenance necessitated by an emergency, shall be scheduled with the approval of the Programmer, which shall not be unreasonably withheld, upon at least forty-eight hours prior notice to the Programmer. With the consent and oversight of Licensee, Programmer shall be permitted to effect Station repairs during the term of this Agreement. In no event shall Licensee be liable for any consequential damages resulting from any interruption of Programmer's Programming resulting from such maintenance.

C. **Interruption of Normal Operations.** The Stations are being made available to Programmer "as is, where is." Programmer acknowledges that Stations KETX(AM) and KETX-LP current are silent. Programmer agrees to provide such equipment as is necessary to restore operations in accordance with FCC rules. Following restoration of service, Licensee shall use its best efforts and take all reasonable actions to maintain all of its assets in a reasonable manner and in accordance with the terms of its FCC Licenses, the FCC Rules and generally accepted standards of good engineering practice. In no event shall Licensee be liable for any consequential damages resulting from any interruption of Programmer's Programming resulting from any silent period. Programmer shall reimburse Licensee for any repairs necessitated by Programmer's misuse of Licensee's equipment or facilities.

6. **Responsibility for Employees and Expenses.**

(a) **Licensee.** The Licensee shall designate a general manager (who shall be Licensee's General Manager), in addition to any other employees Licensee may deem it advisable to employ. Except to the extent non-managerial employees are shared between programmer and Licensee, such General Manager and other employees shall work at the Stations as Licensee's representatives and each shall report and be accountable solely to Licensee.

(b) **Programmer.** Programmer shall employ and be responsible for the salaries, commissions, taxes, insurance, and other related costs for all personnel involved in the production and broadcast of its programming (including air personalities, engineering personnel, salespersons, traffic

personnel, board operators, and other programming staff members). Whenever engaged on Station business, Programmer's personnel shall be subject to the ultimate supervision and direction of Licensee's General Manager or other personnel.

**7. Advertising and Programming Revenues.**

**A. Advertising Revenues.** Programmer shall retain all revenues from the sale of advertising time during Programmer's Programming that is broadcast on the Stations.

**B. Political Advertising.** At the later of: (a) at least 90 days before the start of any primary or general election campaign, Programmer shall clear with Licensee the rates to be charged political candidates for public office to be sure that the rates are in conformance with applicable law and policy. As soon as practicable, but in any event within 24 hours of any request to purchase time on the Stations on behalf of a candidate for public office or to support or urge defeat of an issue on an election ballot, Programmer shall report the request, and its disposition, to Licensee and make sure that appropriate records are placed in the public inspection file for the Stations. In the event that Programmer fails to provide adequate broadcast time for the broadcast of programming or advertising by political candidates, Licensee shall have the right to preempt Programmer's programming to make time available to these political candidates. Any qualified political candidate will have access to the Stations under this Agreement at the rates required pursuant to the Act and the rules, regulations, and policies of the FCC.

**8. Operation of Stations.** Notwithstanding anything to the contrary in this Agreement, Licensee shall have ultimate authority and power over the Stations during the period of this Agreement. Licensee shall retain control (said control to be exercised in good faith) over the policies, programming, and operations of the Stations, including, without limitation, the right to decide whether to accept or reject any programming or advertisements, the right to preempt any programs not in the public interest or in order to broadcast a program deemed by the Licensee to be of greater national, regional, or local interest, and the right to take any other actions necessary for compliance with federal, state, and local laws, the Act, and the rules, regulations, and policies of the FCC (including the prohibition on unauthorized transfers of control) and the rules, regulations, and policies of other federal entities, including the Federal Trade Commission and the Department of Justice. Programmer shall assist the Licensee in meeting all of the FCC's requirements with respect to public service programming, for maintaining the political and public inspection file and the Station logs, and for the preparation of issues/programs lists. Licensee shall also retain the right to break into Programmer's Programming to broadcast its own public interest programming in the case of an emergency. Programmer shall provide Licensee with information with respect to such of Programmer's programs which are responsive to public needs and interests and shall also supply such information as may be necessary to assist Licensee in the preparation of required programming reports and will prepare the necessary records and reports required by the FCC or other local, state, or federal governmental entities for the Stations. In no event shall Licensee be liable for any consequential damages resulting from any interruption of Programmer's Programming permitted under this paragraph.

**9. Special Events.** Licensee reserves the right, in its discretion, to preempt any of the programs referred to herein for its own broadcast of special programs of public importance. In all such cases, Licensee will use its best efforts to give Programmer reasonable notice of the intention to preempt Programmer's programs. In no event shall Licensee be liable for any consequential damages resulting from any interruption of Programmer's Programming permitted under this paragraph.

**10. Compliance With 47 C.F.R. § 73.3555(a).**

A. Programmer hereby verifies that execution and performance of this Agreement complies with the FCC's restrictions on local radio station ownership set out in Section 73.3555(a) of the FCC's rules.

B. Licensee certifies it maintains and will continue to maintain ultimate control over each Station's facilities, including specifically control over each Station's finances, personnel and programming.

11. **Compliance With Applicable Laws.** Programmer covenants that its performance of its obligations under this Agreement and its furnishing of programming shall be in material compliance with, and shall not violate, any applicable laws or any applicable rules, regulations, or orders of the FCC or any other governmental agency, and Programmer acknowledges that Licensee has not urged, counseled, or advised the use of any unfair business practice.

12. **Handling of Complaints.** Programmer promptly shall advise Licensee of any public or FCC complaint or inquiry that Programmer receives concerning the programming on the Stations and shall cooperate with Licensee and take all action as may be reasonably requested by Licensee in responding to any such complaint or inquiry.

13. **Copyright and Licensing.** Programmer represents and warrants that Programmer has obtained and shall have throughout the Term the full authority to broadcast its programming on the Stations and that Programmer shall not broadcast on the Stations any material in violation of the Copyright Act. All music supplied by Programmer shall be (i) licensed by ASCAP, SESAC, or BMI; (ii) in the public domain; or (iii) cleared at the source by Programmer. Programmer shall establish accounts with BMI, SESAC and ASCAP in its own name.

14. **Force Majeure.** Any failure or impairment of facilities or any delay or interruption of the broadcast of programs, or failure at any time to furnish facilities, in whole or in part, for broadcast, due to causes beyond the control of either Programmer or Licensee, shall not constitute a breach of this Agreement, and Licensee will not be liable to Programmer except as provided in Paragraph 2, hereto.

15. **Right to Use Programmer's Programming.** The right to use Programmer's Programming and to authorize their use in any manner and in any media whatsoever shall be, and shall remain, vested exclusively in Programmer.

16. **Payola.** Programmer agrees that it will not accept any consideration, compensation, or gift or gratuity of any kind whatsoever, regardless of its value or form, including, but not limited to, a commission, discount, bonus, material, supplies, or other merchandise, services, or labor (collectively "Consideration"), whether or not pursuant to written contracts or agreements between Programmer and merchants or advertisers, unless the payer is identified in the program for which Consideration was provided as having paid for or furnished such consideration, in accordance with the Act and FCC requirements.

17. **Indemnification Warranty.** For a period of two years from the termination of this Agreement, each party will indemnify and hold the other harmless against all liability for libel, slander, unfair competition or trade practices, infringement of trademarks, trade names, or program titles, violation of rights of privacy and infringement of copyrights and proprietary rights resulting from the broadcast of programming furnished by such party. Each party warrants and covenants that the broadcasting of its programs will not violate rights of others, and agrees to hold the other party as well as its officers, stockholders, directors, and employees, harmless from any and all

claims, damages, liabilities, costs, and expenses, including reasonable attorneys' fees, arising from the broadcast of such programs. The foregoing obligations to hold the other party harmless against the liabilities specified above shall survive any termination of this Agreement until the expiration of all applicable statutes of limitation.

18. **Default.**

a) **Events of Default; Cure Periods and Remedies.** The following shall, after the expiration of the applicable cure period, constitute Events of Default:

i) **Non-Payment.** Programmer's failure to timely pay to Licensee or its successor the consideration provided for in Paragraph 2, hereof;

ii) **Default in Covenants or Adverse Legal Action.** The breach by either party in the material observance or performance of any material covenant, condition, or agreement contained herein, or if any party shall file or have filed against it any petition for bankruptcy relief or reorganization or any other action under the United States Bankruptcy Code, as now or hereafter amended, or any other state or federal insolvency law (which petition or action has not dismissed within 60 days of commencement), the other party shall have the right, exercisable at any time within 60 days after the filing of any such petition or action, to terminate this Agreement as of any date within 120 days of the date such party notifies the other party of its election to terminate this Agreement;

iii) **Breach of Representation.** If any material representation or warranty herein made by either party hereto, or in any certificate or document furnished by either party to the other pursuant to the provisions hereof, shall prove to have been false or misleading in any material respect as of the time made or furnished; or

iv) **Improper Programming.** Upon the failure of Programmer to comply in a substantial and material manner in the provision of programming to the Stations in compliance with the rules, regulations or policies of the FCC, or the provisions of Attachment C, which such failure constitutes, in the opinion of FCC counsel for the Licensee, a substantive threat of license revocation or non-renewal, or on the loss, failure to renew, or revocation of the license issued by the FCC for operation of the Stations.

b) **Cure Periods.** Except for a default under Section 18(a), an Event of Default shall not be deemed to have occurred until twenty days after the nondefaulting party has provided the defaulting party with notice specifying the event or events which would constitute an Event of Default and specifying the action necessary to cure the default within such period, and such default shall have remained uncured. This period may be extended for a reasonable period of time, if the nondefaulting party deems that the defaulting party is acting in good faith to cure the default and such delay is not materially adverse to the other party. In the case of a default under Section 18(a), an Event of Default shall not be deemed to have occurred until five business days after the nondefaulting party has provided the defaulting party with notice specifying the event or events which would constitute an Event of Default and specifying the action necessary to cure the Defaulting within such period, and such default shall have remained uncured.

c) **Effect of Default.** Upon the occurrence of an Event of Default, the nondefaulting party may terminate this Agreement by written notice to the other party provided that the terminating party is not also in material breach of its obligations hereunder. Upon termination by either party, (1) Licensee shall have no further obligation to make available to Programmer any broadcast time or access to Licensee's broadcast transmission facilities and unless such termination is

due to a breach by Licensee, all amounts accrued and payable to Licensee up to the date of termination which have not been paid shall immediately become due and payable; (2) Programmer shall be entitled to any and all revenues generated from Programmer's Programming that has already been broadcast on the Stations and, to the extent Licensee collects or receives any such revenues, such monies shall forthwith be paid or delivered to Programmer, unless the termination is due to a breach by Programmer, in which case Licensee may retain such receivables to the extent there remains any amount due to Licensee by Programmer, and (3) if termination is caused solely by Programmer's material breach, Programmer shall be responsible for all liabilities, debts, and obligations of Programmer based upon the purchase of air time and use of Licensee's transmission facilities including, without limitation, accounts payable, barter agreements and unaired advertisements, but not for Licensee's federal, state, and local income and business franchise tax liabilities or taxes levied upon Licensee's personal property.

19. **Programmer Termination Options.** Programmer shall have the right, at its option, to terminate this Agreement at any time during the term hereof in the event that Licensee preempts or substitutes other programming for that supplied by Programmer during (i) five percent (5%) or more of the total hours of operation of the Stations during any calendar month or (ii) three or more instances during any month of more than two hours in any 24 hour period, except in such cases as such preemption or substitution occurs due to emergency conditions or conditions outside the control of the Licensee. In the event Programmer elects to terminate this Agreement pursuant to this provision, it shall give Licensee notice of such election at least thirty (30) days prior to the termination date. Upon termination, all sums owing the Licensee shall be paid and neither party shall have any further liability to the other except as be provided for by Paragraph 18, above.

20. **Termination Upon Order of Governmental Authority.** In the event that a state, federal, or local governmental authority designates a hearing with respect to the continuation or renewal of any licenses or authorizations held by Licensee, for the termination of this Agreement, and/or the curtailment in any manner material to the relationship between the parties hereto of the provision of programming by Programmer hereunder, Programmer may, at its option, seek administrative or judicial relief from such order(s) (in which event Licensee shall cooperate with Programmer, provided that Programmer shall be responsible for legal fees and costs incurred in such proceeding at Programmer's request) or Programmer shall notify Licensee that it will terminate this Agreement. If the FCC designates the renewal application of any of the Stations for a hearing as a consequence of this Agreement or for any other reason, or initiates any revocation or other proceeding with respect to the authorizations issued to the Licensee for the operation of any of the Stations, and Licensee elects to contest such action, then Licensee shall be responsible for its expenses incurred as a consequence of the FCC proceeding; *provided, however*, that Programmer shall at Licensee's expense cooperate and comply with any reasonable request of Licensee to assemble and provide to the FCC information relating to Programmer's performance under this Agreement. In the event of termination based upon any governmental order(s), Programmer shall pay to Licensee any fees due but unpaid as of the date of termination as may be permitted by such order(s), and Licensee shall cooperate reasonably with Programmer to the extent permitted to enable Programmer to fulfill advertising or other programming contracts then outstanding, in which event Licensee shall receive as payment for the carriage of such programming that which otherwise would have been paid to Programmer hereunder. Thereafter, neither party shall have any liability to the other except as may be provided pursuant to Paragraph 18, above.

21. **Representations and Warranties.**

A. **Mutual Representations and Warranties.** Licensee and Programmer each represent that it is legally qualified, empowered, and able to enter into this

Agreement, and that the execution, delivery, and performance hereof shall not constitute a breach or violation of any agreement, contract or other obligation to which it is subject or by which it is bound.

**B. Licensee's Representations, Warranties and Covenants.**

Licensee warrants that it is duly licensed or qualified to do business and is in good standing and authorized to do business in the State of Texas. All Station Licenses and authorizations will be in full force and effect for the entire term hereof, unimpaired by any acts or omission of Licensee, its principals, employees, or agents.

**C. Filings.** All reports and applications required to be filed with the FCC (including ownership reports) or any other governmental entity, department, or body with respect to the Stations will be filed in a materially timely manner and will be true and complete and accurately present the information contained and required thereby. All such reports and documents, to the extent required to be kept in the public inspection files of the Stations, will be kept by the Licensee in such files.

**D. Title to Properties.** Licensee will have throughout the term hereof, good and marketable title or leases to all of the assets and properties used in the operation of the Stations, free and clear of any liens, claims, or security interests excepting liens on equipment purchased through loans to Licensee or equipment purchase by Programmer for use at the Stations. Licensee will not dispose of, transfer, assign, or pledge any such asset, except with the prior written consent of Programmer, if such action would affect adversely Programmer's performance hereunder or the business and operations of Programmer permitted hereby.

**22. Notices.** Any notice given pursuant to this Agreement to any party hereto shall be deemed effective upon receipt, whether delivered personally, by registered mail, postage prepaid, return receipt requested, or by express mail or overnight courier, as follows:

## ATTACHMENT C

### PROGRAM REGULATIONS AND RESTRICTIONS

Programmer will take care to observe and exercise reasonable diligence to comply with the following regulations and restrictions in the preparation, writing and provision for broadcast of the Programmer Programming on the Stations:

- I. Ethnic and Racial Issues. All programming broadcast by Programmer under this Agreement shall avoid airing programming which may unreasonably exacerbate racial and/or ethnic tensions or otherwise give reasonably foreseeable, unnecessary and/or undue offense to any segment of the viewing audience.
- II. No Denominational Attacks. Programmer's Programming will not be used as a medium for attack on any faith, denomination or sect or upon any individual or organization.
- III. No Plugola or Payola. The mention of any business activity or "plug" for any commercial, professional or other related endeavor, except where contained in an actual commercial message of a sponsor, is prohibited. No commercial messages ("plugs") or undue references shall be made in programming presented over the Stations to any business venture, profit-making activity or other interest (other than noncommercial announcements for bona fide charities, church activities or other public service activities) in which Programmer is directly or indirectly interested without the same having been approved in advance by each Station's General Manager and such broadcast being announced, logged and sponsored.
- IV. No Lotteries. Announcements giving any information about lotteries or games prohibited by law are prohibited.
- V. Election Procedures. Programmer will clear with each Station's General Manager the schedule of rates that Programmer will charge for the time to be sold to candidates for public office or their supporters to make certain that such rate conforms with applicable law and each Station's policies. In its sole discretion, each Station may require that Programmer grant access for the purchase of time to candidates for political office or their supporters. In the event that any candidates for political office or their supporters are entitled to purchase time in Programmer Programming, Programmer will provide such access as reasonably required in accordance with applicable law.
- VI. Required Announcements. Programmer will include (i) an announcement in a form satisfactory to Licensee at the beginning of each hour of programming to identify each Station's call letters and (ii) any other announcements required by applicable law.
- VII. No Illegal Announcements. No announcement or promotions prohibited by law of any lottery or game will be made over the Stations. Any game, contest or promotion relating to, or to be presented over, the Stations must be fully stated and explained to Licensee on request by it, which reserves the right, in its discretion to reject the game, contest or

promotion.

- VIII. License Discretion Paramount. In accordance with a licensee's responsibility under the Communications Act of 1934, as amended, and the rules and regulations of the FCC, Licensee reserves the right to reject or terminate any advertising proposed to be presented or being presented over the Stations which is in conflict with each Station's policy or which, in Licensee's judgment, would not serve the public interest, subject to Sections 3.3 and 4.3 of the Agreement.
- IX. Programming Prohibitions. Programmer will not include in Programmer Programming any of the following programs or announcements:
- A. False Claims. False or unwarranted claims for any product or service.
  - B. Unfair Imitation. Infringements of another advertiser's rights through plagiarism or unfair imitation of either program idea or copy of any other unfair competition.
  - C. Obscenity and Indecency. Any programs or announcements that (1) have a dominant theme that, taken as a whole, appeals to the prurient interest in sex, portray sexual conduct in a patently offensive way, and lack literary, artistic, political or scientific value or (2) describe, in terms patently offensive as measured by contemporary community standards for the broadcast medium, sexual or excretory activities or organs at times of the day when children are likely to be in the audience.
  - D. Unauthenticated Testimonials. Any testimonials that cannot be authenticated.
  - E. Telephone Calls and Recording. Any broadcast or recording made of any telephone conversation without the consent of person being called.
- X. Waiver. Licensee may waive any of the foregoing regulations and restrictions in specific instance if, in its opinion, good broadcasting in the public interest is served. In any case where questions of policy or interpretation of matters contained in this Schedule arise, Programmer shall submit the same to Licensee for decision before making any commitments in connection therewith.
