<<K06AT - 20100317ABJ 30 day letter interference.doc>>

This is in reference to the 30 day deficiency letter sent to the licensee dated April 19, 2010 as attached. The time period requiring your response was delayed due to e-mail correspondences with Mr. Hashemzadeh. I am informed that Mr. Hashemzadeh has answered all your concerns addressed in those e-mails; therefore, you are hereby given the opportunity to comply with the requested amendment resolving the issues addressed in the above referenced deficiency letter by August 27, 2010. If no so amended, your application will be considered incomplete and dismissed.
