Arthur Doak
Senior Engineer
Audio Division
Media Bureau
Federal Communications Commission
Washington D.C.

Dear Mr. Doak,

This statement is regarding the construction of the transmitter facilities for WKNC-FM in Raleigh, NC under permit number BLED-20140117ANA. I hereby certify that I supervised the installation of the directional antenna system designed and manufactured by Electronics Research, Inc. I further certify that the installation of the antenna was conducted per the manufacturer's specifications.

My qualifications as a broadcast engineer include 15 years of experience as Chief Engineer of Radio for Capitol Broadcasting Company in Raleigh, NC as well as a B.S. in Electrical Engineering from North Carolina State University.

Regards,
