

**EXHIBIT 24**  
**(Reasons for Proposed Request)**

Deportes y Musica Comunicaciones LLC ("Deportes"), the licensee of FM Radio Station KQMX, Lost Hills, California (FID No. 166070) (the "Station"), hereby respectfully requests Commission approval to continue to operate pursuant to a six-month extension of special temporary authority in order to have sufficient time to obtain Commission approval for and complete a proposed modification to its authorized facility.

Deportes initially requested temporary authority in order to return to air pending Commission action on an outstanding construction permit application for a modified facility, including additional environmental information. *See* FCC File No. BPH-20111202AFF (the "Permit Application"). In May 2012, and after discussions with the State of California through an environmental consultant, Deportes was able to submit the necessary environmental information and amended the Application accordingly. The Permit Application remains pending.

The current special temporary authority, which was granted earlier this year, is to expire on July 13, 2012. Because Deportes may not be able to secure Commission approval of the Permit Application and construct the specified facility prior to July 13, 2012, Deportes hereby requests its first extension of the current special temporary authority to operate at a variance from its licensed parameters. Because the proposed request will maintain broadcast service to the public, grant of the request is consistent with the public interest.
