

EXHIBIT 1
(Page 1 of 1)

PURPOSE OF APPLICATION
Zimmer Radio of Mid-Missouri, Inc.
California, MO

The attached application proposes to correct to the licensed geographic coordinates for the KATI auxiliary (BXLH-20020912AAX) antenna system to match the corrected coordinates specified in the updated registration for this tower (**1004492**).

The presently licensed coordinates for this site are:

NL - 38° 34' 45"

WL - 92° 14' 02"

The corrected coordinates for this site are:

NL - 38° 34' 45.6"

WL - 92° 14' 02.1"

The attached application proposes no technical or any other changes to the present operating facilities of this station. Because the corrections involved are less than three seconds of both latitude and longitude, with no changes in any of the other parameters presently specified in this license, these changes can be reported in the attached license modification application pursuant to the provisions of Section 73.1690(c) of the FCC rules.
