**In Re: WCRR(FM), Manistique, MI
Facility ID #173328
BPED-20120423ACG**

Dear Applicant:

This letter is in reference to the above-captioned minor change application for facility classification upgrade from Channel 205C2 to 205C1, with increased effective radiated power and antenna height above average terrain.

An engineering review of the application reveals that the application is in violation of the *AGREEMENT BETWEEN THE GOVERNMENT OF THE UNITED STATES OF AMERICA AND THE GOVERNMENT OF THE CANADA RELATING TO THE FM BROADCASTING SERVICE IN THE BAND 88-108 MHZ* (USA-Canada Agreement). Specifically, the application is short-spaced to a co-channel Class B vacant allotment in Thessalon, Ontario. Furthermore, the proposed interfering contour (34 dBu) would cause prohibited overlap to the Canadian assignment's protected 65 km Class B circle contour over Canadian soil. Thus, the application fails to comply with the USA-Canada Agreement.

In light of the above, Application BPED-20120423ACG is unacceptable for filing pursuant to 47 C.F.R. § 73.3566(a) and is **HEREBY DISMISSED**. This action is taken pursuant to 47 C.F.R. § 0.283.

Sincerely,

Rodolfo F. Bonacci
