RE: Construction Permit BNPED-20071018AFY, Ithaca Community
Radio WINO-FM

To Whom It May Concern:

I, David Frost, have been employed for over 25 years as a broadcast engineer responsible for the construction, maintenance, and operation of several radio transmitters have overseen the construction and installation of the facilities for WINO of Ithaca Community Radio.

I hereby certify that the antenna, a Katherine-Scala Model CA5-FM/CP/RM, was assembled according to the instructions of Katherine-Scala. The antenna was subsequently installed and oriented according to the instructions of Shively Labs. I also certify that the facilities for WINO were installed on January 11, 2012, in full accordance with construction permit BNPED-20071018AFY.
