

**EXHIBIT 2
ENGINEER QUALIFICATIONS**

I, PHILLIP M. BAKER, STATE THAT I AM THE HOLDER OF FCC GENERAL LICENSE PG-6-11540, AND THAT I HAVE BEEN ENGAGED IN THE BUISNESS OF RADIO STATION INSTALLATIONS AND MAINTANENCE FOR 31 YEARS. I HAVE ON NUMEROUS OCCASIONS INSTALLED SIMILAR FM TRANSMITTERS AND ANTENNA SYSTEMS INCLUDING THE INSTALLATION OF DIRECTIONAL ANTENNA SYSTEMS FOR FM AND HAVE COMPLETED NUMEROUS 302 FORMS FOR SUBMISSION. THE ANTENNA SYSTEM CONTAINED IN THE FCC CONSTRUCTION PERMIT NUMBER BPED-19971023MG CONSISTS OF 2 BAYS ½ WAVE SPACING.

THIS INSTALLATION WAS NOT COMPLICATED IN NATURE DUE TO THE FACT THE TOWER AND ANTENNA SYSTEM WAS SUPPLIED AND INSTALLED BY ERI. THE OWNER OF THE TOWER COMPANY WAS A PREVIOUS EMPLOYEE OF ERI FOR 12 YEARS AND WAS FAMILIAR WITH THE TYPE OF ANTENNA AND DIRECTIONAL FM ANTENNAS IN GENERAL. THE DRAWINGS WERE REVIEWED ON THE GROUND PRIOR TO INSTALLATION AND VERIFIED BY TOWER INSTALLATION PERSONNEL.

THE INSTALLATION OF THE TRANSMITTER AND ASSOCIATED EQUIPMENT WAS COMPLETED BY MYSELF.

IT IS MY OPION THAT THE ANTENNA SYSTEM AND TRANSMITTER SYSTEM BOTH COMPLY WITH THE CONSTRUCTION PERMIT BPED-19971023MG.

SIGNED *Phillip M. Baker* **DATE** *3/26/01*
