Media Bureau

Grant Date: March 08, 2005

Facility Id: 124743

Call Sign: KEAA-LP

This license expires 3:00 a.m.
local time, February 01, 2006.

License File Number: BLL-20041018ACL

This license covers permit no.: BNPL-20000605ALX

Subject to the provisions of the Communications Act of 1934, subsequent acts and treaties, and all regulations heretofore or hereafter made by this Commission, and further subject to the conditions set forth in this license, the licensee is hereby authorized to use and operate the radio transmitting apparatus herein described.

This license is issued on the licensee's representation that the statements contained in licensee's application are true and that the undertakings therein contained so far as they are consistent herewith, will be carried out in good faith. The licensee shall, during the term of this license, render such broadcasting service as will serve the public interest, convenience, or necessity to the full extent of the privileges herein conferred.

This license shall not vest in the licensee any right to operate the station nor any right in the use of the frequency designated in the license beyond the term hereof, nor in any other manner than authorized herein. Neither the license nor the right granted hereunder shall be assigned or otherwise transferred in violation of the Communications Act of 1934. This license is subject to the right of use or control by the Government of the United States conferred by Section 606 of the Communications Act of 1934.

Name of Licensee: EAGLE COMMUNITY SCHOOL

Station Location: AK-EAGLE

Frequency (MHz): 97.9

Channel: 250

It is to be expressly understood that the issuance of these specifications is in no way to be considered as precluding additional or modified marking or lighting as may hereafter be required under the provisions of Section 303(q) of the Communications Act of 1934, as amended.

None Required

Special operating conditions or restrictions:

- 1 The permittee/licensee in coordination with other users of the site must reduce power or cease operation as necessary to protect persons having access to the site, tower or antenna from radiofrequency electromagnetic fields in excess of FCC guidelines.

Special operating conditions or restrictions:

2 ***International Condition***

The station authorized herein may not cause interference, within Canada, to the direct reception of any Canadian FM broadcast station. If interference does occur, the station may be required to change channels, reduce power or cease operations. Furthermore, this station is not entitled to protection from any existing or future Canadian FM stations or allotments.

*** END OF AUTHORIZATION ***
