1. Within one year of the date of consummation of the transaction hereby authorized, the Assignee must file an application for assignment of the WRBU license to an independent buyer.

The independent buyer may enter into an industry-standard network affiliation agreement with ION Media Networks, Inc. (ION), and a lease for station assets owned by ION. Such agreements shall not permit ION a role in the station's local operation.

Assignee agrees that, if the independent buyer proposes to obtain services from another in-market station, it will only do so if the licensee of that station could own WRBU under the FCC's ownership rules or would be entitled under established standards to a waiver of that rule.

2. The Broadcast Trust Affiliation Agreement and Broadcast Trust Services Agreement between Assignee and ION will terminate automatically upon the earlier of (a) one year after the date of consummation of the transaction hereby authorized, or (b) consummation of the assignment of the WRBU license to an independent buyer.

Under authority of the Communications Act of 1934, as amended, the consent of the Federal Communications Commission is hereby granted to the transaction indicated above.

The Commission's consent to the above is based on the representations made by the applicants that the statements contained in, or made in connection with, the application are true and that the undertakings of the parties upon which this transaction is authorized will be carried out in good faith.

The actual consummation of voluntary transactions shall be completed within 90 days from the date hereof, and notice in letter form thereof shall promptly be furnished to the Commission by the seller or buyer showing the date the acts necessary to effect the transaction were completed. Upon furnishing the Commission with such written notice, this transaction will be considered completed for all purposes related to the above described station(s).

FCC Form 323, Ownership Report, must be filed within 30 days after consummation, by the licensee/permittee or assignee.

ADDITIONAL REQUIREMENTS FOR ASSIGNMENTS ONLY:

Upon consummation the assignor must deliver the permit/license, including any modifications thereof to the assignee.

It is hereby directed that, upon consummation, a copy of this consent be posted with the station authorization(s) as required by the Commission's Rules and Regulations.

The assignee is not authorized to construct nor operate said station(s) unless and until notification of consummation in letter form has been forwarded to the Commission or has been filed electronically.
