Modification of Construction Permit  
to extend completion date.

Subject to the provisions of the Communications Act of 1934, as amended, subsequent acts and treaties, and all regulations heretofore or hereafter made by this Commission, and further subject to the conditions set forth in this permit, the permittee is hereby authorized to construct the radio transmitting apparatus herein described. Installation and adjustment of equipment not specifically set forth herein shall be in accordance with representations contained in the permittee's application for construction permit except for such modifications as are presently permitted, without application, by the Commission's Rules.

Commission rules which became effective on February 16, 1999, have a bearing on this construction permit. See Report & Order, Streamlining of Mass Media Applications, MM Docket No. 98-43, 13 FCC RCD 23056, Para. 77-90 (November 25, 1998); 63 Fed. Reg. 70039 (December 18, 1998). Pursuant to these rules, this construction permit will be subject to automatic forfeiture unless construction is complete and an application for license to cover is filed prior to expiration. See Section 73.3598.

Equipment and program tests shall be conducted only pursuant to Sections 73.1610 and 73.1620 of the Commission's Rules.

Paragraph A modified to require use of L-865 medium intensity lights  
at the top and mid levels in lieu of L-856.
- 2    The authorization of a license to operate this station is conditioned  
upon the use of a transmitter that has been type accepted or meets  
Commission type acceptance requirements at a visual carrier frequency  
tolerance of plus/minus 1 kHz. In the event the transmitter has not  
been type accepted at this tolerance, the permittee shall, in the  
license application, provide full engineering data that demonstrates  
compliance with Section 74.750 (c) (3) (iii) of the Commission's Rules.
- 3    This authorization is subject to the condition that low power  
television is a secondary service, and that low power television  
and television translator stations must not cause interference  
to the reception of existing or future full service television  
stations on either allotted NTSC or DTV channels, and must  
accept interference from such stations.
