Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Aqua Kids provides CORE programming in the area of biology and specifically the ecosystem related to the ocean, its tributaries, and estuaries. Children can learn about the resources of the oceans and how protection of oceans is necessary to present future generations. Not only does the show teach biological topics, but aims to enrich children's lives by making them aware of future generations into the future biggest ecosystem on earth and the oceans. Aqua Kids provides kids with a way to learn about the diversity of marine animals around the world and importance of preserving their fragile aquatic habitats. Through the use of hands-on collaboration between kids and science researchers and educators. Aqua Kids encourage children to take an active role in protecting the future of their communities and the world.
