Age of Target Child Audience	13 years to 16 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	This educational informational weekly series showcases how and why movies are made, including behind the scenes filmmaking and special effects techniques, in addition to introducing teenagers to career opportunities within the motion picture industry. It is during the adolescent years that career exploration, planning, education, and decision making begins. There is no question that a career in one of the multimedia industries is among the most popular career choices of adolescents. Although many feel their calling is for a more obvious on camera career in acting, there are also a number of behind the screen pursuits that make for fulfilling career choices. This program was created to provide information and advice from top Hollywood professionals to 13 to 16 year old viewers so they can explore and learn about the technical, artistic, creative, business, and administrative careers that are a part of the motion picture, television, music video, and home entertainment industries.
