Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	This is a teen-hosted program that profiles individuals and organizations committed to environmental issues, reports on the latest recycling and nature conservation efforts and advances in renewable energies and carbon footprint-reducing technology, and offers advice on how to be more eco-wise while performing daily activities. The show also includes eco bytes(bits of trivia related to environmental issues) and video footage uploaded by teen viewers to the show's website. This kid-friendly series uses peer reporting to address various environmental issues from a youthful point of view. By doing so, it enthusiastically encourages young adults to become more proactive about environmentalism rather than just talking about the importance of living green. It also stresses the positive impact that young people's efforts, no matter how small they might seem, can have on the larger world around them.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	MLB Player Poll will serve the educational and informational needs of teenagers by providing insight into the opinions and perspectives of Major League Baseball players. Specifically, the 2012 season of MLB Player Poll will educate young viewers on how the game of baseball is played and provide instructions regarding the techniques that successful players use. In addition, MLB Player Poll will provide examples of healthy debate, expressing an opinion using supporting evidence and analyzing statistics to confirm or refute a previous held belief. The results of the poll question that will serve as the heart of each episode will be represented graphically using traditional charts and graphs in a manner designed to help teenagers process similar information they will encounter in newspapers, magazines and textbooks. Finally, the emphasis on physical education in each episode of MLB Player Poll will inspire young viewers to get off the couch, go outside and exercise.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	<p>In each episode, the focus is on an "invent-off" challenge, where teams complete a project to design a machine to perform a task under a time constraint. This allows the kid to express their creativity, critical thinking and mechanical abilities. For example, in episode No. 114, teams compete to design a bicycle with enhanced safety features. Each team is given the same materials to work with, and apply their own unique process and problem-solving abilities. Combining their talents, each is able to complete the challenge; the winning team is decided based on objective results.</p>
