Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Wibbly Pig is an animated preschool comedy series that takes the daily routine of a young child and finds humor and fun in every part of it. Wibbly simply does what children do. From day to day activities like getting into bed, wrapping a present or climbing a tree, to fantasy play like meeting a giant or going to the moon. Wibbly moves seamlessly in and out of fantasy play echoing the way children really interact and play. Wibbly turns the simplest tasks into a comedy routine, sharing it with his very best friend - the viewer. Wibbly engages the viewer by talking directly to the camera. This makes the viewer feel safe, included, involved and most of all, important. With highly regarded Creative and Educational Consultants onboard to ensure age-appropriate learning in every episode, preschoolers will gain a variety of skills including: - Early Academics: colors, shapes, numbers via preschool activities. - Social Skills: interactivity with the viewer and friends - Imaginative Play: springboards and inspirational ideas to fire-up children's play and imaginations. Learning will also be reinforced through song in every episode.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	A half hour series blending live action and animation to show kids that art is everywhere and that there is an artist in each one of them! Targeting kids 6 - 9, Artzooka! provides audiences with traditional techniques in unconventional ways and teaches children to draw outside the lines and create their own masterpieces. The works created represent a broad spectrum of art including digital movies, silk-screened t-shirts and lamps made from oranges?! What will you Artzooka! today? Meet Jeremie! He leads the Artzooka! charge in each and every episode...and has a really great time doing it. Like the cooler older brother you always wanted, Jeremie shows kids how to create things they never thought they could, and using things they never thought of...like creating your own gift wrap with shaving cream, or a mask made out of egg shell...even a lamp made of orange slices! The program is regularly scheduled and airs between the hours of 7:00 am and 10:00 pm. The program is 30 minutes in length, and is identified as an educational and informational show, targeted to 6 to 9 year olds, at the beginning and throughout each broadcast and in listings provided to publishers of program guides.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	The main objective of the 104 live action and 2D digital segments is to show curious young viewers how everyday objects they encounter are designed and made. The series was filmed on location in Europe and North America in factories, workshops, and food plants. Each segment opens with an item to be investigated, followed by the two hosts, "Gear" and "Wiz", taking off on a voyage of discovery to understand the workings of the item and reveal the secrets behind how it is made. For Ages 4-7, the series' key educational goals are to: 1.) Educate children about the workings of everyday objects and how they are made and 2.) to introduce children to the many fascinating objects around them and spark curiosity and the desire to learn more about those objects. The program is regularly scheduled and airs between the hours of 7:00 am and 10:00 pm. The program is 30 minutes in length, and is identified as an educational and informational show, targeted to 4 to 7 year olds, at the beginning and throughout each broadcast and in listings provided to publishers of program guides. The Characters: GEARS: is one of our hosts, a quirky animated mechanical fellow who looks like he is made from bits of spare parts found on the factory floor where he lives. WIZ: our other host is GEARS' super smart, levitating pal
