Question	Response
State the average number of hours of Core Programming per week broadcast by the station on its main program stream	3.0
State the average number of hours per week of free over-the-air digital video programming broadcast by the station on other than its main program stream	168.0
State the average number of hours per week of Core Programming broadcast by the station on other than its main program stream. See 47 C.F.R. Section 73.671:	4.0
Does the Licensee provide information identifying each Core Program aired on its station, including an indication of the target child audience, to publishers of program guides as required by 47 C.F.R. Section 73.673?	Yes
Does the Licensee certify that at least 50% of the Core Programming counted toward meeting the additional programming guideline (applied to free video programming aired on other than the main Yes No program stream) did not consist of program episodes that had already aired within the previous seven days either on the station's main program stream or on another of the station's free digital program streams?	Yes

Program Title	DOODLEBOOPS ROCKIN' ROADSHOW - I
Origination	Network
Days/Times Program Regularly Scheduled	Saturday - 7-7:30 AM MT
Total times aired at regularly scheduled time	13
Total times aired	
Number of Preemptions	0
Number of Preemptions for other than Breaking News	
Number of Preemptions Rescheduled	
Length of Program	30 mins
Age of Target Child Audience	3 years to 8 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	<p>Each episode of the show features a real child, who writes for help or advice with a problem to the Doodles, three animated young members of a band. The child then enters the animated world of the Doodlenet, and sets out on an adventure with the band to find a resolution to the problem, with important life lessons imparted in the process. Each episode reinforces the lesson through a musical interlude that encapsulates the educational message. Specific educational objectives of the program include encouraging viewers to develop positive personal qualities such as honesty and initiative, and providing viewers with a basic understanding and appreciation of music. This program is specifically designed to further the educational and informational needs of children, has educating and informing children as a significant purpose, and otherwise meets the definition of Core Programming as specified in the Commission's rules. Origination	Network
Days/Times Program Regularly Scheduled	Saturday - 8-8:30AM MT
Total times aired at regularly scheduled time	13
Total times aired	
Number of Preemptions	0
Number of Preemptions for other than Breaking News	
Number of Preemptions Rescheduled	
Length of Program	30 mins
Age of Target Child Audience	3 years to 7 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Inspired by the beloved works of best-selling children's author Richard Scarry, Busytown Mysteries brings the popular adventures of Busytown to preschoolers with an educational, problem-solving twist. Children can follow classic characters such as Huckle, Sally and Lowly as they scour Busytown on fun-filled adventures looking for answers to life's puzzles. Each episode focuses on fostering viewers' problem solving abilities, as the characters use their skills of observation to collect facts, draw inferences from those facts, and ultimately reach conclusions. Each episode also develops vocabulary through words and concepts that are part of the episode's overall theme. This program is specifically designed to further the educational and informational needs of children, has educating and informing children as a significant purpose, and otherwise meets the definition of Core Programming as specified in the Commission's rules. Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	DANGER RANGERS is a show for kids ages 4 to 8 and focuses on empowering children with problem-solving skills designed to keep them safe. The show teaches safety rules as well as social skills using music and messages geared at young viewers. The animated series features seven different characters who are friends and work as a team to bring safety wherever they go. Gabby, the bird, is a strict but affectionate taskmaster and a fount of useful information. Kitty, the cat, is the brains of the operation, forever researching and testing new safety methods. Sally, the Sea Lion, is the self-styled "action hero" of the bunch. Burbie, the bear, is the resident practical joker albeit eminently well-informed in the realm of avoiding recreational hazards. Burt, the turtle and the youngest of the group, is also it's "creative genius" and Squeaky, the mouse, is the most rebellious of the Rangers, whose occasional lapses into foolishness serve as an example to young viewers. The only non-animal member of "Club Danger Rangers" is also non-human in the bargain. Failbot is a silly, clumsy, overeager, but well-intentioned robot. This program is specifically designed to further the educational and information needs of children, has educating and informing children as a significant purpose, and otherwise meets the definition of Core Programming as specified in the Commission's rules. Total times aired at regularly scheduled time	13
Total times aired	
Number of Preemptions	0
Number of Preemptions for other than Breaking News	
Number of Preemptions Rescheduled	
Length of Program	30 mins
Age of Target Child Audience	9 years to 11 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	HORSELAND is an animated series about five girls and two boys who live in a spectacular countryside that houses a farm called Horseland. Each of these main characters has a special horse whose personality is similar to its owner's. Horseland and its unique approach of integrating the personality of the main characters and animals serve to reinforce prosocial themes. Horseland is also a "coming of age" series in which viewers experience and learn from the social interactions, hopes, dreams and even fears of this group of culturally diverse adolescents. From this background, the experiences of sharing, caring, compromise, friendship, respect, and competition emerge to provide young viewers with social and emotional guidelines for better understanding many of the life-lessons they need to learn as they grow and develop. This program is specifically designed to further the educational and informational needs of children, has educating and informing children as a significant purpose, and otherwise meets the definition of Core Programming as specified in the Commission's rules. Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	WILD ABOUT ANIMALS is a weekly half-hour animal magazine series that airs 52 weeks a year. This show is hosted by emmy-award winning actress Mariette Hartley. Mariette has committed herself to fighting for rights of animals for over 20 years. This series is produced for children 16 and under (specific target audience is 13-16). As the producers of Wild About Animals, it is the objective of Steve Rotfeld Productions to educate and inform children, specifically in the target age group, by bringing them entertaining and interesting stories about the world's most fascinating animals. Each episode will consist of four different stories designed to teach children about both exotic and unique animals, as well as to educate them further about animals they see every day. This program is specifically designed to further the educational and informational needs of children, has educating and informing children as a significant purpose, and otherwise meets the definition of Core Programming as specified in the Commission's rules. Age of Target Child Audience	13 years to 16 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	WHADDYADO is a half-hour weekly educational series designed to educate, inform, inspire and entertain children 16 and under about the world around them. Each episode is an educational life-lesson, based on reality, intended to prepare young people for potential situations that could easily crop up at any time, anywhere. Through dramatic re-enactments, Whaddyado will skillfully document the event, interview the participants, and talk to various experts, who will explain what the proper reaction should be when faced with similar life-threatening circumstances. Also, in an effort to help young people make the right decisions at the right moment, there will be a moral dilemma segment featured in each show. This program is specifically designed to meet the educational and informational needs of children, has educating and informing children as a significant purpose, and otherwise meets the definition of Core Programming as specified in the Commission's rules. Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	AWESOME ADVENTURES is a weekly half-hour adventure series that airs 52 weeks a year. Our host, as well as two different teenagers each week, travel all over the world to both exotic and remote locations. Awesome Adventures is designed to educate, inform, and entertain children 16 and under (specific target audience is 13-16) about the world around them. Each journey is a lesson in the beauty of nature, its creatures, and the people who inhabit the land. The shows are not designed to be preachy or overly pedantic, but rather, the goal is to make the learning fun. This program is specifically designed to meet the educational and informational needs of children, has educating and informing children as a significant purpose, and otherwise meets the definition of Core Programming as specified in the Commission's rules. Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	AQUA KIDS provides core programming in the area of biology and specifically the ecosystem related to the ocean, its tributaries and estuaries. Host Molly and the Aqua Kids crew have traveled the globe, sharing their adventures in an award-winning childrens program dedicated to educating young people about the importance of protecting marine environments and the animals that live there. Children can learn about the resources of the oceans and how protection of oceans is necessary to present and future generations. Not only does the show teach biological topics, but it aims to enrich children's lives by making them aware of future generations, the role they play now, and for generations in the future, with the biggest ecosystem on the earth - the ocean. Each episode provides information related to a specific topic and gives an educational approach to understanding the topic related to the entire ecosystem of the earth. This program is specifically designed to further the educational and informational needs of children, has educating and informing children as a significant purpose, and otherwise meets the definition of Core Programming as specified in the Commission's rules. Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	<p>DRAGONFLY TV presents real-life science investigations in a style of television that captures the attention of today's MTV and video-game generation. Against a pop-music soundtrack, children tell about their investigations, communicating the infectious excitement that comes with making their own discoveries. Dragonfly TV engages children, parents and teachers in accessible, hands-on science activities. The program is designed to appeal to children from diverse ethnic, socioeconomic, and educational backgrounds. By modeling and celebrating children's science capabilities, Dragonfly TV has always shown that if kids can dream it, they can do it. Series goals include fostering a greater interest in science and the process of scientific inquiry among children, and giving children encouragement and the confidence to conduct their own science investigations. This program is specifically designed to further the educational and informational needs of children, has educating and informing children as a significant purpose, and otherwise meets the definition of Core Programming as specified in the Commission's rules. Program Title	WILD ABOUT ANIMALS
Origination	Syndicated
Days/Times Program Regularly Scheduled	Saturdays 7-7:30 AM MT
Total times aired at regularly scheduled time	13
Length of Program	30 mins

Age of Target Child Audience from	13 years to 16 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	WILD ABOUT ANIMALS is a weekly half-hour animal magazine series that airs 52 weeks a year. The show is hosted by emmy-award winning actress, Mariette Hartley. Mariette has committed herself to fighting for the rights of animals for over 20 years. This series is produced for children 16 and under (specific target audience is 13-16). As the producers of Wild About Animals, it is the objective of Steve Rotfeld Productions to educate and inform children, specifically in the target age group, by bringing them entertaining and interesting stories about the world's most fascinating animals. Each episode will consist of four different stories designed to teach children about both exotic and unique animals, as well as to educate them further about animals they see everyday. This program is specifically designed to further the educational and informational needs of children, has educating and informing children as a significant purpose, and otherwise meets the definition of Core Programming as specified in the Commission's rules. Program Title	WHADDYADO
Origination	Syndicated
Days/Times Program Regularly Scheduled	Saturdays 7:30-8 AM MT
Total times aired at regularly scheduled time	13
Length of Program	30 mins
Age of Target Child Audience from	13 years to 16 years

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	WHADDYADO is a half-hour weekly education series designed to educate, inspire and entertain children 16 and under about the world around them. Each episode is an educational life-lesson, based in reality, intended to prepare young people for potential situations that could easily crop up at any time, anywhere. Through dramatic re-enactments, Whaddyado will skillfully document the event, interview the participants, and talk to various experts, who will explain what the proper reaction should be when faced with similar life-threatening circumstances. Also, in an effort to help young people make the right decisions at the right moment, there will be a moral dilemma segment featured in each show. This program is specifically designed to further the educational and informational needs of children, has educating and informing children as a significant purpose, and otherwise meets the definition of Core Programming as specified in the Commission's rules. --	------------------------

Total times aired at regularly scheduled time	13
---	----

Length of Program	30 mins
-------------------	---------

Age of Target Child Audience from	6 years to 12 years
-----------------------------------	---------------------

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	AQUA KIDS provides core programming in the area of biology and specifically the ecosystem related to the ocean, its tributaries and estuaries. Host Molly and the Aqua Kids crew have traveled the globe, sharing their adventures in an award-winning children's program dedicated to educating young people about the importance of protecting marine environments and the animals that live there. Children can learn about the resources of the oceans and how protection of the oceans is necessary to present and future generations. Not only does the show teach biological topics, but it aims to enrich children's lives by making them aware of future generations, the role they play now, and for generations into the future, with the biggest ecosystem on earth - the oceans. Each episode provides information related to a specific topic and gives an educational approach to understanding the topic related to the entire ecosystem of the earth. This program is specifically designed to further the educational and informational needs of children, has educating and informing children as a significant purpose, and otherwise meets the definition of Core Programming as specified in the Commission's rules. Program Title	DRAGONFLY TV
---------------	--------------

Origination	Syndicated
-------------	------------

Days/Times Program Regularly Scheduled	Sundays 7:00-7:30 AM MT
--	-------------------------

Total times aired at regularly scheduled time	14
Length of Program	30 mins
Age of Target Child Audience from	9 years to 12 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	<p>DRAGONFLY TV presents real-life science investigations in a style of television that captures the attention of today's MTV and video-game generation. Against a pop-music soundtrack, children tell about their investigations, communicating the infectious excitement that comes with making their own discoveries. Dragonfly TV engages children, parents and teachers in accessible, hands-on science activities. This program is designed to appeal to children from diverse ethnic, socioeconomic, and educational backgrounds. By modeling and celebrating children's science capabilities, Dragonfly TV has always shown that if kids can dream it, they can do it. Series goals include fostering a greater interest in science and the process of scientific inquiry among children, and giving children encouragement and the confidence to conduct their own science investigations. This program is specifically designed to further the educational and informational needs of children, has educating and informing children as a significant purpose, and otherwise meets the definition of Core Programming as specified in the Commission's rules. Program Title	THE REAL WINNING EDGE	
Origination	Syndicated	
Days/Times Program Regularly Scheduled	Sundays 9:00-9:30 AM MT	
Total times aired at regularly scheduled time	14	
Length of Program	30 mins	
Age of Target Child Audience from	13 years to 16 years	
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	THE REAL WINNING EDGE is pure inspiration. It is a program that encourages young people to see beyond their own circumstances and realize they are not alone in their struggles. The Real Winning Edge seeks to expose youth to other youth who have consistently made the behavioral choices that have helped them to have a greater sense of internal significance and acceptance, which results in a more self-directed, stable personality. They are more able to negotiate the challenges inherent in life. The show encourages young people to discover where their talents lie and develop an appreciation for honesty and a sense of self discipline and internal acceptance, while delivering a strong message of hope and optimism for the future of American youth. This program is specifically designed to further the educational and informational needs of children, has educating and informing children as a significant purpose, and otherwise meets the definition of Core Programming as specified in the Commission's rules.
