| | Origination | Network |
| | Days/Times Program Regularly Scheduled | Wednesdays / October 10th - December 26th / 11:00 a.m. ET/PT or 10:00 a.m. CT/MT |
| | Total times aired at regularly scheduled time | 12 |
| | Total times aired | |
| | Number of Preemptions | 0 |
| | Number of Preemptions for other than Breaking News | |
| | Number of Preemptions Rescheduled | |
| | Length of Program | 30 mins |
| | Age of Target Child Audience | 6 years to 10 years |
| | Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | Zula's comprehensive program addresses the national call for science literacy education among the very audience for whom research demonstrates that early intervention is most effective. By reaching pre-kindergarten and early elementary students, Zula can provide a critical foundation in understanding science concepts and content. The television program provides science education and character-building lessons in an entertaining format thru characters that travel in space. The Zula Patrol's developers have designed an integrated approach, teaching science through engaging stories with humor, character-building social lessons, and supporting materials. The entire Zula package serves many aspects of learning, promotes literacy, and provides a diverse approach to learning styles. |

| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | Pearlie is an animated comedy series based on the children's book series, Pearlie the Park Fairy by Wendy Harmer. Pearlie is an optimistic, light hearted fairy who sees the good in everybody, but often gets into situations because her desire to help is larger than her capacity to deliver. Aimed for an audience within the 4 to 8 year old range, episodes focus on the importance of following the rules, using good judgment and learning how to avoid getting into trouble. Since Pearlie was appointed by Fairy Head Quarters to keep Jubilee Park in sparkling order, she has constant challenges with her basic goal of keeping everyone happy and making sure the park functions smoothly. Since Pearlie was appointed by Fairy Head Quarters to keep Jubilee Park in sparkling order, she has constant challenges with her basic goal of keeping everyone happy and making sure the park functions smoothly. Pearlie's nemesis and cousin, Saphira, often takes advantage of Pearlie's good nature which requires that Pearlie must also frequently outwit the park bully. In each episode, Pearlie approaches new tasks and problems with a great deal of enthusiasm, but without the organization required to get the job done. Through plot developments and with the assistance of her friends, Opal and Jasper, she learns what to do and what not to do in each situation so the park can be restored to order. |

| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | Set in medieval times, Jane and the Dragon is an animated show based on Martin Baynton's best-selling book about a middle-class medieval girl named Jane. Jane is raised in the Royal Court as a Knight-in-Training after she demonstrates her courage by leaving the castle to conquer the local dragon. The giant green Dragon, whose sense of humor exceeds his ferocity, instead becomes Jane's best friend and a part of the castle community. In each episode, Jane encounters a challenge that tests her problem-solving skills and requires her to demonstrate her strength of character as a Knight of the King's Guard. Sometimes Jane learns a moral lesson, and other times she uses her analytical ability to illustrate how a problem can be made less complicated and easily solved. |

| Age of Target Child Audience | 6 years to 10 years |
| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | Based on the book An Octopus Followed Me Home, by Dan Yaccarino, Willa's Wild Life is an animated series centered on a six year old girl and her menagerie of animals. Willa lives at home with her father and pets, an elephant, a giraffe, a pair of performing seals, a bear, penguins, and lots of rabbits. In each episode, Willa faces a challenge at home, in school or in her neighborhood. With her animals and best friend Dooley as key elements of her team, Willa works on solutions to overcome her challenge. Together they find ways to maintain healthy friendships, experience success, develop competence, and become altruistic. With help from her animal friends, Willa figures out how to earn the things she wants by helping others. She learns to appreciate the friends that she has rather than trying to change to fit in with the "cool" group. She realizes that asking questions is better than jumping to conclusions. Whether at school, home or in the neighborhood, Willa finds a way to analyze her situation and learn from experience. |

| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | Jacob Two Two is an animated show about a little boy with a big heart who lives with his parents and four older siblings and has a habit of repeating himself just so he can be heard. Ignored by his siblings, but still looking up to them, Jacob tries to partake in their activities. Still, there are those who notice him when he inadvertently lands himself in adventures that involve mysterious neighbors, international spies, and villains that some in all shapes and sizes. Often accompanied by his closest pals, Buford and Renee, Jacob Two Two finds innovative ways to get himself and others out of hot water as he tumbles through a series of exciting adventures with honesty, integrity and a whole lot of determination. Based on Mordecai Richler's books, the show embeds social emotional messages in which Jacob learns to carve a niche for himself as he learns to deal with his reality in the surreal world of adults. |

| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | Turbo Dogs is an animated show based on the books, Racer Dogs, by Bob Kolar. The series follows a group of six dogs from Racerville who love to compete with one another in races. In each story, one or more of the dogs encounter and solve problems that teach them social emotional lessons on good sportsmanship, teamwork, cooperation, playing fair, and friendship. The show also imparts information on the mechanics of racing such as directionality and concepts of distance and time. The social emotional messages are embedded through the stories using action and humor. The tags at the end of each episode reiterate and establish the educational message learned by the dogs. |

| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | 321 Penguins features two children, Jason and Michelle, whose vacation at their grandmother's cottage ends up being more adventure than they expect when their toy spaceship with four toy Penguins comes to life. The children are sucked into the spaceship, where they meet the now live Penguins and journey through space to solve an inter galactic disaster threatening the Penguins and their friends. Each story begins with a problem, a moral dilemma for one of the siblings that affects his or her relations with the other, and ends after the children have learned an important social emotional message through their adventure. The show communicates messages on topics such as honesty, being patient with others, and avoiding jealousy. |

| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | Animal Atlas provides visual information from original and detailed footage of animals. The fast moving clips of a variety of species allows viewers to compare and contrast differing physiologies and habitats. The animal subjects are presented as they move informally and comfortably through their living activities, and the narration is well informed and unobtrusive. The program uses an interactive segment with multiple-choice questions about the animals covered. These questions have just the right level of engagement and are a worthwhile component of the program. The program's constant reinforcement of species differentiation will facilitate learning for young people between the ages of 13 to 16. |

| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | The primary educational goal of the series is to present world geography information in a manner that is appealing to and comprehensible by children between the ages of 10 to 12 years old. Each episode is designed to take the action to at least two places on our planet and provide the viewers with some information about each place. Additionally, each episode has a secondary topic designed to fit with the narrative, the focus of which may be culture, history, art, music, science, technology, or the like. The program provides the right balance of entertainment and information, and the information emerges as a natural part of the progression of the story rather than as a series of interruptions. |

| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | Inspired by children's everyday life, Dragon is an animated show based on the book series of the same name by author and illustrator, Dave Pilkey. The show follows a little blue dragon as he faces everyday issues. Using a simple and direct approach to life, Dragon learns new information and develops new skills primarily through trial and error. Dragon is friendly and helpful, but he tends to see things from a unique perspective and sometimes that leads to trouble. As each story unfolds, the audience learns to see things in different ways, much like Dragon, and they learn how to problem solve through ordinary challenges. Dragon shows how to take care of a pet, make new friends, or how to find the right hobby. |

|---|---|
| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | Pearlie is an animated comedy series based on the children's book series, Pearlie the Park Fairy by Wendy Harmer. Pearlie is an optimistic, lighthearted fairy who sees the good in everybody, but often gets into situations because her desire to help is larger than her capacity to deliver. The episodes focus on the importance of following the rules, using good judgment and learning how to avoid getting into trouble. Since Pearlie was appointed by Fairy Head Quarters to keep Jubilee Park in sparkling order, she has constant challenges with her basic goal of keeping everyone happy and making sure the park functions smoothly. Pearlie's nemesis and cousin, Saphira, often takes advantage of Pearlie's good nature, which requires that Pearlie must also frequently outwit the park bully. In each episode, Pearlie approaches new tasks and problems with a great deal of enthusiasm, but without the organization required to get the job done. Through plot developments and with the assistance of her friends, Opal and Jasper, she learns what to do and what not to do in each situation so the park can be restored to order. |

| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | Set in medieval times, Jane and the Dragon is an animated show based on Martin Baynton's best selling book about a middle class medieval girl named Jane. Jane is raised in the Royal Court as a Knight in Training after she demonstrates her courage by leaving the castle to conquer the local dragon. The giant green Dragon, whose sense of humor exceeds his ferocity, instead becomes Jane's best friend and a part of the castle community. In each episode, Jane encounters a challenge that tests her problem solving skills and requires her to demonstrate her strength of character as a Knight of the King's Guard. Sometimes Jane learns a moral lesson, and other times she uses her analytical ability to illustrate how a problem can be made less complicated and easily solved. |

| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | Based on the book An Octopus Followed Me Home, by Dan Yaccarino, Willa's Wild Life is an animated series centered on a six year old girl and her menagerie of animals. Willa lives at home with her father and pets, an elephant, a giraffe, a pair of performing seals, a bear, penguins, and many rabbits. In each episode, Willa faces a challenge at home, in school or in her neighborhood. With her animals and best friend Dooley as key elements of her team, Willa works on solutions to overcome her challenge. Together they find ways to maintain healthy friendships, experience success, develop competence, and become altruistic. With help from her animal friends, Willa figures out how to earn the things she wants by helping others. She learns to appreciate the friends that she has rather than trying to change to fit in with the "cool" group. She realizes that asking questions is better than jumping to conclusions. Whether at school, home or in the neighborhood, Willa finds a way to analyze her situation and learn from experience. |

|---|---|
| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | Turbo Dogs is a show about six canine friends, Dash, GT, Clutch, Stinkbert, Strut, and Mags, who have their own distinct characteristics but share a common love of racing cars. The fastest dogs in Racerville, the Turbo Dogs often compete with one another in races. The dogs each have their own racers, which they maintain regularly, and that are equipped with individual GPS systems to help and guide them. Each story begins with one of the Turbo Dogs encountering a problem that must be resolved while preparing to compete. Usually, the Turbo Dog learns his/her lesson through experience and accountability for negative behavior. Social emotional messages about sportsmanship, teamwork, cooperation, and fairness developed in the story are emphasized in a separate tag at the end of each episode. |

| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | Zula's comprehensive program addresses the national call for science literacy education among the very audience for whom research demonstrates that early intervention is most effective. By reaching pre kindergarten and early elementary students, Zula can provide a critical foundation in understanding science concepts and content. The television program provides science education and character building lessons in an entertaining format thru characters that travel in space. The Zula Patrol's developers have designed an integrated approach, teaching science through engaging stories with humor, character building social lessons, and supporting materials. The entire Zula package serves many aspects of learning, promotes literacy, and provides a diverse approach to learning styles. |

| Program Title | 321 Penguins E/I Qubo |
| Origination | Network |
| Days/Times Program Regularly Scheduled | Sundays / 12:00 p.m. and 12:30 p.m. CT |
| Total times aired at regularly scheduled time | 26 |
| Length of Program | 30 mins |
| Age of Target Child Audience from | 4 years to 8 years |
| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | 321 Penguins features two children, Jason and Michelle, whose vacation at their grandmother's cottage ends up being more adventure than they expect when their toy spaceship with four toy Penguins comes to life. The children are sucked into the spaceship, where they meet the now live Penguins and journey through space to solve an inter galactic disaster threatening the Penguins and their friends. Each story begins with a problem, a moral dilemma for one of the siblings that affects his or her relations with the other, and ends after the children have learned an important social emotional message through their adventure. The show communicates messages on topics such as honesty, being patient with others, and avoiding jealousy. |

| Program Title | Mysteries of Alfred Hedgeghog E/I Qubo |
| Origination | Network |
| Days/Times Program Regularly Scheduled | Sundays / 1:00 p.m. and 1:30 p.m. CT |
| Total times aired at regularly scheduled time | 26 |
| Length of Program | 30 mins |
| Age of Target Child Audience from | 6 years to 8 years |

| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | The Mysteries of Alfred Hedgehog takes place in the village of Gnarly Woods. The characters are a group of late elementary school aged children. The children look like humans in that they have arms and legs but their coloring and hairstyles indicate that they are skunks, bears and hedgehogs. Alfred finds everything serious mysterious is usually joined by Milo, his best friend, a skunk who is a bit afraid, and Camille who is smart and imaginative. Alfred's love of all things technological helps him to solve the mystery every time. |

| Program Title | Animal Atlas E/I Qubo |
| Origination | Network |
| Days/Times Program Regularly Scheduled | Saturdays / 10:30 a.m. CT |
| Total times aired at regularly scheduled time | 13 |
| Length of Program | 30 mins |
| Age of Target Child Audience from | 13 years to 16 years |
| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | Animal Atlas provides visual information from original and detailed footage of animals. The fast moving clips of a variety of species allows viewers to compare and contrast differing physiologies and habitats. The animal subjects are presented as they move informally and comfortably through their living activities, and the narration is well informed and unobtrusive. The program uses an interactive segment with multiple-choice questions about the animals covered. These questions have just the right level of engagement and are a worthwhile component of the program. The program's constant reinforcement of species differentiation will facilitate learning for young people between the ages of 13 to 16. |

|---|---|
| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | The primary educational goal of the series is to present world geography information in a manner that is appealing to and comprehensible by children between the ages of 10 to 12 years old. Each episode is designed to take the action to at least two places on our planet and provide the viewers with some information about each place. Additionally, each episode has a secondary topic designed to fit with the narrative, the focus of which may be culture, history, art, music, science, technology, or the like. The program provides the right balance of entertainment and information, and the information emerges as a natural part of the progression of the story rather than as a series of interruptions. |

| Program Title | Dragon E/I Qubo |
| Origination | Network |
| Days/Times Program Regularly Scheduled | Modays - Fridays / 11:30 a.m. CT |
| Total times aired at regularly scheduled time | 65 |
| Length of Program | 30 mins |
| Age of Target Child Audience from | 4 years to 8 years |
| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | Inspired by children's everyday life, Dragon is an animated show based on the book series of the same name by author and illustrator, Dave Pilkey. The show follows a little blue dragon as he faces everyday issues. Using a simple and direct approach to life, Dragon learns new information and develops new skills primarily through trial and error. Dragon is friendly and helpful, but he tends to see things from a unique perspective and sometimes that leads to trouble. As each story unfolds, the audience learns to see things in different ways, much like Dragon, and they learn how to problem solve through ordinary challenges. Dragon shows how to take care of a pet, make new friends, or how to find the right hobby. |
