Digital Core  
Programming

Question	Response
State the average number of hours of Core Programming per week broadcast by the station on its main program stream	3.0
State the average number of hours per week of free over-the-air digital video programming broadcast by the station on other than its main program stream	504.0
State the average number of hours per week of Core Programming broadcast by the station on other than its main program stream. See 47 C.F.R. Section 73.671:	9.0
Does the Licensee provide information identifying each Core Program aired on its station, including an indication of the target child audience, to publishers of program guides as required by 47 C.F.R. Section 73.673?	Yes
Does the Licensee certify that at least 50% of the Core Programming counted toward meeting the additional programming guideline (applied to free video programming aired on other than the main Yes No program stream) did not consist of program episodes that had already aired within the previous seven days either on the station's main program stream or on another of the station's free digital program streams?	Yes

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	For young people today, new information is generally no more than a mouse-click away. Knowledge is readily there for the taking if kids simply know how to appropriately access it and effectively make use of it. In this context, many of the most useful and important things that youngsters can learn center on discovery, analysis and problem-solving how do kids get the "right" information and make proper use of it. What questions should be asked? How does one assess veracity? How does one weigh alternatives? How are decisions best arrived at? How does one decide when aims can be accomplished independently, and if help is needed, how does one go about enlisting support? Above all, how can goals be achieved ethically and with regard to the greater good. In an enticing new world filled with excitement, mystery, and danger, "Magi Nation" addresses these vital learning goals. Tony, Edyn and Strag along with their human and decidedly non-human colleagues model their successful, and sometimes less than successful, attempts to analyze difficult situations, set appropriate goals, and creatively seek solutions to the dire dilemmas in which they find themselves. In the course of a series of intriguing codes, riddles and other puzzles that Tony, Edyn and Strag are presented with along the way, viewers are furthermore given the engaging opportunity to not only observe others go through the problem solving cycle, but to make use of their unique knowledge base and burgeoning problem solving skills to address conundrums on their own. The specific educational objectives are to help viewers learn to thoughtfully assess situations and logically set appropriate and responsible goals, To aid viewers to develop techniques associated with critical thinking and creativity in decision-making and problem solving with which to act, To encourage viewers to attain the independence and initiative to act on what is ethically right, and the determination and persistence to carry their aims through to fruition - even in the face of opposition, To teach viewers to accept and appreciate unique abilities and insights in themselves and others, and to employ teamwork to capitalize on individual strengths and overcome individual weaknesses, to encourage viewers to assimilate positive personal qualities, prosocial behaviors and life skills intended to better equip them to take responsible and functional roles within their environment, to increase viewers' core knowledge base and appreciation of the world around us by presenting information across a range of academic areas, including mathematics, language, earth science, ecology, botany, geography and meteorology.

Total times aired at regularly scheduled time	13
Total times aired	
Number of Preemptions	0
Number of Preemptions for other than Breaking News	
Number of Preemptions Rescheduled	
Length of Program	30 mins
Age of Target Child Audience	13 years to 16 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Mystery Hunters are Araya and Christina, regular kids with inquisitive minds, who travel the globe to investigate the sites and delve into the tales which have baffled people throughout the ages looking for the Loch Ness Monster, unraveling a smelly mummy, searching for Princess Anastasia, and learning the true story of King Tut. Mystery Hunters is an excellent example of a children's program that is innovative and empowering. Through critical observation, analytical thinking, and scientific testing, the series encourages children to question the world around them. Through both the travel aspect and investigation of ancient myths and mysteries, there is a profound focus on history, culture, geography, and international customs.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	It's a nature series that takes a fascinating look at animal behavior in the wild. It has an extraordinary panorama of stories, highlighting wildlife such as black bears, moose, coyotes, turtles, cougars, etc. These compelling tales unfold in beautiful landscapes around the world. This program is educational and intended to inform children 13-16 years of age. It airs at 8am Mondays through Saturday, 30 minutes in length. The series is an award winning wildlife program of up-close looks at where civilization and wilderness meet, revealing both the best and worst of the laws of nature and teaching children about animals and the environment.

Age of Target Child Audience	13 years to 16 years

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Angel's Friends provides CORE programming in the areas of particular concern to young teens including social themes and coping strategies through school life of animated teen-aged angels learning to be Guardian Angels and their nemesis - The Devils - that are practicing to become Guardian Devils. Kids are taken on an inspirational journey that stirs their spirit and provides moral tools for the decisions they face in everyday life. The multi-ethnic angels serve as role models for young teen viewers as they deal with such issues as the right to say "no," the meaning of heroism, bullying and other issues of particular concern to young teens. Angel's Friends clearly meets the goals of providing children with a television show that meets CORE requirements of the FCC as follows: 1. Making choices in life is an ongoing subject. A challenge faced by all children in this category. 2. Contemporary issues such as bullying, establishing trust and courtesy are faced and resolved in the episodes. 3. Responsibility and selfless behavior are presented in a positive and encouraging manner. 4. Themes in each episode emphasize the importance friendship, taking responsibility for your actions and fair play.

Number of Preemptions	0

Number of Preemptions for other than Breaking News	
Number of Preemptions Rescheduled	
Length of Program	30 mins
Age of Target Child Audience	6 years to 11 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Cubix Robots for Everyone takes place in the year 2040 in Bubble Town where robots outnumber humans. The series centers around a 13 year old boy named Connor, his robot Cubix, and the members of a special club known as Botties. Each member of the Botties has their own robot with a unique characteristic. The robots are friendly, efficient and function in imaginative ways to help make Bubble Town a great place to live. But it's a good vs. evil world and Connor and the Botties learn lessons of right and wrong, teamwork, courage and problem solving during their adventures to thwart Dr. K.'s evil schemes to take control of Bubble Town's robots. Each member of the Botties faces life scenarios that commonly affect children today - feeling sad and alone, insecure and vulnerable, fear of failure, and overcoming uncertainties and phobias. Whether it is Connor facing a difficult initiation task in order to join the Botties; Chip dealing with his insecurities because he isn't as tall as the others; Charles' bragging; Cubix being blamed for something that he didn't do; Endruix' stage fright; or Antonio's jealousy during a competition that leads him to act like a spoilsport, the Botties face the same reallife conflicts and fears that children face. Throughout the entire series, the Botties learn important lessons about themselves including self-confidence, courage, loyalty, patience, humility and pride but they also learn the importance of perseverance, teamwork and embracing their differences to overcome obstacles. These lessons resonate as the Botties work together to defeat Dr. K. and his evil schemes.

Each member of the Botties faces life scenarios that commonly affect children today - feeling sad and alone, insecure and vulnerable, fear of failure, and overcoming uncertainties and phobias. Whether it is Connor facing a difficult initiation task in order to join the Botties; Chip dealing with his insecurities because he isn't as tall as the others; Charles' bragging; Cubix being blamed for something that he didn't do; Endruix' stage fright; or Antonio's jealousy during a competition that leads him to act like a spoilsport, the Botties face the same reallife conflicts and fears that children face. Throughout the entire series, the Botties learn important lessons about themselves including self-confidence, courage, loyalty, patience, humility and pride but they also learn the importance of perseverance, teamwork and embracing their differences to overcome obstacles. These lessons resonate as the Botties work together to defeat Dr. K. and his evil schemes.

Program Title	Cubix Robots for Everyone
Origination	Network
Days/Times Program Regularly Scheduled	Saturday at 8:00 am
Total times aired at regularly scheduled time	13
Length of Program	30 mins

Age of Target Child Audience from	6 years to 11 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Cubix Robots for Everyone takes place in the year 2040 in Bubble Town where robots outnumber humans. The series centers around a 13 year old boy named Connor, his robot Cubix, and the members of a special club known as Botties. Each member of the Botties has their own robot with a unique characteristic. The robots are friendly, efficient and function in imaginative ways to help make Bubble Town a great place to live. But it's a good vs. evil world and Connor and the Botties learn lessons of right and wrong, teamwork, courage and problem solving during their adventures to thwart Dr. K.'s evil schemes to take control of Bubble Town's robots. Each member of the Botties faces life scenarios that commonly affect children today - feeling sad and alone, insecure and vulnerable, fear of failure, and overcoming uncertainties and phobias. Whether it is Connor facing a difficult initiation task in order to join the Botties; Chip dealing with his insecurities because he isn't as tall as the others; Charles' bragging; Cubix being blamed for something that he didn't do; Endruix' stage fright; or Antonio's jealousy during a competition that leads him to act like a spoilsport, the Botties face the same reallife conflicts and fears that children face. Throughout the entire series, the Botties learn important lessons about themselves including self-confidence, courage, loyalty, patience, humility and pride but they also learn the importance of perseverance, teamwork and embracing their differences to overcome obstacles. These lessons resonate as the Botties work together to defeat Dr. K. and his evil schemes.

Program Title	Angel Friends - (DT-4)
Origination	Syndicated
Days/Times Program Regularly Scheduled	Saturday at 7:00 am
Total times aired at regularly scheduled time	13
Length of Program	30 mins
Age of Target Child Audience from	13 years to 16 years

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Angel's Friends provides CORE programming in the areas of particular concern to young teens including social themes and coping strategies through school life of animated teen-aged angels learning to be Guardian Angels and their nemesis - The Devils - that are practicing to become Guardian Devils. Kids are taken on an inspirational journey that stirs their spirit and provides moral tools for the decisions they face in everyday life. The multi-ethnic angels serve as role models for young teen viewers as they deal with such issues as the right to say "no," the meaning of heroism, bullying and other issues of particular concern to young teens. Angel's Friends clearly meets the goals of providing children with a television show that meets CORE requirements of the FCC as follows: 1. Making choices in life is an ongoing subject. A challenge faced by all children in this category. 2. Contemporary issues such as bullying, establishing trust and courtesy are faced and resolved in the episodes. 3. Responsibility and selfless behavior are presented in a positive and encouraging manner. 4. Themes in each episode emphasize the importance friendship, taking responsibility for your actions and fair play.
