Digital Core  
Programming

Question	Response
State the average number of hours of Core Programming per week broadcast by the station on its main program stream	5.0
State the average number of hours per week of free over-the-air digital video programming broadcast by the station on other than its main program stream	168.0
State the average number of hours per week of Core Programming broadcast by the station on other than its main program stream. See 47 C.F.R. Section 73.671:	3.0
Does the Licensee provide information identifying each Core Program aired on its station, including an indication of the target child audience, to publishers of program guides as required by 47 C.F.R. Section 73.673?	Yes
Does the Licensee certify that at least 50% of the Core Programming counted toward meeting the additional programming guideline (applied to free video programming aired on other than the main Yes No program stream) did not consist of program episodes that had already aired within the previous seven days either on the station's main program stream or on another of the station's free digital program streams?	Yes

Programs(9)

Digital Core Program (1 of 9)	Response
Program Title	Jack Hanna's Animal Adventures (Main Digital Channel 43.1)
Origination	Syndicated
Days/Times Program Regularly Scheduled	M-F 7:00a 1/3/11-3/31/11
Total times aired at regularly scheduled time	64
Total times aired	65
Number of Preemptions	0
Number of Preemptions for other than Breaking News	
Number of Preemptions Rescheduled	0
Length of Program	30 mins
Age of Target Child Audience	13 years to 16 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Jack Hanna's Animal Adventure takes viewers on exciting journeys to learn about animals and the places they live. Jack Hanna's Animal Adventure gives him the platform to excite people and get them to care about animals. Children learn about animal habitats through an "outdoor classroom" that conveys a sense of hands on and experiential learning essential to a positive learning experience. Jack Hanna offers children a chance to learn about their environment. As a result, the program stimulates critical and creative thinking, develops their ability to make informed decisions about environmental issues and instills a commitment to take responsible action on behalf of the environment.

Length of Program	30 mins
Age of Target Child Audience	13 years to 16 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Animal Atlas Classics is an entertaining and educational half-hour program that explores the world of animal wildlife, promoting a better understanding of how various animal species live and what they need to survive. With an entertaining narrative, the series combines focused examinations of certain topics such as Animal Appetites(which explores the various diets of animals along with information about how animals catch and eat their food, how diets determine their lifestyle, etc.), Animal Antics(a hilarious look at the crazy physical antics and talents of certain species), Animal Babies(an intimate look at babies of various species, how they are born, how they are raised and the difficulties and delights of growing up), along with shows which focus solely on certain animals such as elephants, bears, and monkeys. In these shows a thorough and entertaining exploration of the specific animal takes the viewer into that animal's world as we see where it lives, how it eats, how it plays, how the family unit operates, and what threatens and supports its survival. Animal Atlas Classics also promotes responsibility toward wildlife issues by educating the viewer about endangered species and wildlife habits, as well as informing viewers how to support wildlife conservation.

Age of Target Child Audience	7 years to 13 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Utilizing humor as a powerful learning tool, GSA sparks enthusiasm for writing through age appropriate sketch comedy, original songs, puppetry, and story theater. By basing the stories on the writing of elementary school students, ages 7 -13, children get the message that their words have power, and that their voices are being heard. GSA provides something that educators can't necessarily offer or replicate in a school setting, as it gives students a real world connection to their writing. Young students have the opportunity to understand the impact of writing on a broader audience by submitting their own writing to the show for consideration and adaptation. Green Screen's company of performers and writers reinforces critical writing skills and emphasizes positive social messages. In addition to academic skills, GSA focuses on the five Cs: Creativity, Curiosity, Confidence, Citizenship, Compassion. GSA has developed an aesthetic that grabs viewers' attention, stimulates creativity, and emphasizes demonstrated writing skills. Educational content reflects current learning standards and is reviewed in collaboration with educators. GSA designs adaptations of students' work to emphasize and reinforce writing skills and share positive social messages.

Total times aired	
Number of Preemptions	0
Number of Preemptions for other than Breaking News	
Number of Preemptions Rescheduled	
Length of Program	30 mins
Age of Target Child Audience	2 years to 5 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	The Busy World of Richard Scarry, like the Scarry books themselves, uses themes that are congruent with preschool and early elementary children. These include love of parents, mastery of all the motor, language and social skills that they see in the world around them, possession (it's mine!) personal routines such as eating, dressing, sleeping, and family living. The aim of the series is to stimulate imagination and foster vicarious play, to teach pro-social behavior (generosity, friendliness, persistence, understanding of others points of view) to help children move beyond family attachments to world of friendships and community, and to help children develop skills on which academic learning depends. Each story has a simple plot line, enough continuity to facilitate understanding, but includes scene changes that allow children to develop early TV literacy skills - to understand and distinguish between scene changes that indicate simultaneous happenings in other locations; and those that indicate temporal sequences. Keeping track of characters and holding events in memory through changes of scene requires considerable cognitive processing in a young children. Interstitials provide explicit educational elements, including safety tips and information on how things work. The How Things Work segment are to help children notice and think about relations of parts to whole objects in their world, to wonder how things are made and where they come from.

Number of Preemptions Rescheduled	
Length of Program	30 mins
Age of Target Child Audience	9 years to 11 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Each week the Stargate explorers enter a new world. About the only things they can be sure of are that they will encounter new and vastly different life forms and cultures, that they will face problems that require functioning smoothly as a team, and that the team is only as strong as the character and abilities of its individual members. At its core, Stargate Infinity explores issues, attitudes, and behaviors important to learning how to get along with others, whether those others are from different races, cultures, and species, or from their own team of trainees. The young explorers serve as models for the young audience. As the cadets learn hard lessons about such things as trying to see the world from the perspective of other cultures, the positive benefits in diversity, or how to mesh their own strengths and abilities with those of others on the team, so too do young viewers. Each episode examines fundamental issues about how and why to get along with others who are very different from oneself, and about the kinds of abilities and strength of character necessary to be a Stargate Explorer and a good person.

Program Title	Jack Hanna's Animal Adventures (Main Digital Channel 43.1)
Origination	Syndicated
Days/Times Program Regularly Scheduled	M-F 7:00a 4/4/11-6/30/11
Total times aired at regularly scheduled time	64
Length of Program	30 mins
Age of Target Child Audience from	13 years to 16 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Jack Hanna's Animal Adventure takes viewers on exciting journeys to learn about animals and the places they live. Jack Hanna's Animal Adventure gives him the platform to excite people and get them to care about animals. Children learn about animal habitats through an "outdoor classroom" that conveys a sense of hands on and experiential learning essential to a positive learning experience. Jack Hanna offers children a chance to learn about their environment. As a result, the program stimulates critical and creative thinking, develops their ability to make informed decisions about environmental issues and instills a commitment to take responsible action on behalf of the environment.

Age of Target Child Audience from	9 years to 11 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Each week the Stargate explorers enter a new world. About the only things they can be sure of are that they will encounter new and vastly different life forms and cultures, that they will face problems that require functioning smoothly as a team, and that the team is only as strong as the character and abilities of its individual members. At its core, Stargate Infinity explores issues, attitudes, and behaviors important to learning how to get along with others, whether those others are from different races, cultures, and species, or from their own team of trainees. The young explorers serve as models for the young audience. As the cadets learn hard lessons about such things as trying to see the world from the perspective of other cultures, the positive benefits in diversity, or how to mesh their own strengths and abilities with those of others on the team, so too do young viewers. Each episode examines fundamental issues about how and why to get along with others who are very different from oneself, and about the kinds of abilities and strength of character necessary to be a Stargate Explorer and a good person.

Certification

Question	Response
<p>The undersigned certifies that he or she is (a) the party filing the Children's Television Programming, or an officer, director, member, partner, trustee, authorized employee, or other individual or duly elected or appointed official who is authorized to sign on behalf of the party filing the Children's Television Programming; or (b) an attorney qualified to practice before the Commission under 47 C.F.R.
