The small robot, is for the old one and strange Gepetto, much more than a creature created by him, he is almost the son that he never had... Pinocho does not cease to sur-prise everyone by his incredible ability and his untiring curiosity on everything that surrounds him. Gepetto does not understand why mayor Scamboli is so jealous of him, when he has a won-derful daughter. But the nobleman Gepetto does not share that feeling of hatred, rather feels so-rry for the mayor which, evidently, infuriates Scamboli more. Spencer, a penguin turned ciborg as a result of an insolvent experiment of Scamboli, lives calm as the right hand of Gepetto. Although he does not share the innate restlessness of Pinocho, Spencer usually accompanies him in his adventures.
