Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	This show is designed to promote preschool children's appreciation and understanding of animal life. The series has four educational and informational goals -- to foster understanding of animal customs and behaviors, to encourage reflection on similarities and differences between their own lives and the animals' lives, to introduce preschool children to an array of different animals in the kingdom and enrich their ability to describe and communicate about them, and to motivate preschool children to appreciate the wonder and beauty of animals and animal life. In each episode, children will be immersed in a topic that will be the basis of a compelling story with a problem and resolution. Sample topics include: grooming habits, communication, caring for the young, eating habits, shelter, etc. Children will leave the episode with a simple, clear understanding of how this topic can play out in the animal world. They will be exposed to a variety of situations/customs that will invite them to consider how this topic plays out in their own lives and what it means to them, i.e., what does shelter mean to me? How do I deal with cold weather? How do I communicate. This program aired on the secondary digital stream 51.2

Include any other comments or information you want the Commission to consider in evaluating your compliance with the Children's Television Act (or use this space for supplemental explanations). This may include information on any other noncore educational and informational programming that you aired this quarter or plan to air during the next quarter, or any existing or proposed non-broadcast efforts that will enhance the educational and informational value of such programming to children. See 47 C. F.R. Section 73.671, NOTES 2 and 3.	Thrive by Five, Washington - 199 PSA's -- Over the past decade, Thrive by Five Washington has been a leader in creating Washington's high-quality early learning system and combining public and private dollars to help. It has been at the forefront of developing geographic, demographic and content-based alliances to develop and implement projects that serve families and their young children. Along with legislative support, philanthropists, business people and community leaders, who believe in early learning to give children a better start in school and life. DSHS WA Division of Child Support - 133 PSA's Department of Social and Health Services serves to decrease poverty, improve safety and health status, and increase educational and employment success to support people and communities in reaching their potential. The Division of Child Support is centered around healthy, stable children. CDC Childhood Immunizations - 170 PSA's CDC works 24/7 to protect America from health, safety and security threats, both foreign and in the U.S. Whether diseases start at home or abroad, are chronic or acute, curable or preventable, human error or deliberate attack, CDC fights disease and supports communities and citizens to do the same. CDC increases the health security of our nation. As the nation's health protection agency, CDC saves lives and protects people from health threats. To accomplish our mission, CDC conducts critical science and provides health information that protects our nation against expensive and dangerous health threats and responds when these arise. Adopt Us Kids/Ad Council - 170 PSA's "Adopt Us Kids" aims to promote adoption from foster care and raise awareness of the significant number of older youth waiting to be adopted. The new materials are part of the National Adoption Recruitment Campaign and Response. Featuring the theme "You don't have to be perfect to be a perfect parent", this campaign, developed in partnership with the U.S. Children's Bureau and Ad Council, illustrates through humor that youth in foster care don't need perfection; they need the commitment and love a permanent adoptive family can provide. Make a Wish - 160 PSA's - Make-A-Wish grants the wish of a child diagnosed with a life-threatening medical condition in the United States and its territories, on average, every 38 minutes. We believe that a wish experience can be a game-changer.

This program is a global adventure series for kids by kids, hosted by real brother and sister duos. The series has several educational and information goals -- to teach basic geography and historical context of well-known world sights; to develop appreciation for and encourage reflection on similarities and differences between cultures, and to reinforce the notion that we are all part of one big world, no matter how far away we are; and to inspire a sense of world exploration and adventure. In each episode, our hosts visit a manmade or natural wonder, have an adventure involving animals, and learn about a new culture by visiting with local kids from different countries around the world. This program airs on the secondary digital stream 51-2.
