Include any other comments or information you want the Commission to consider in evaluating your compliance with the Children's Television Act (or use this space for supplemental explanations). This may include information on any other noncore educational and informational programming that you aired this quarter or plan to air during the next quarter, or any existing or proposed non-broadcast efforts that will enhance the educational and informational value of such programming to children. See 47 C.F.R. Section 73.671, NOTES 2 and 3.	WINM normally airs 5.5 hours per week of core children's television programming, or 71.5 hours per quarter, on its primary digital channel. Even during this quarter, when the station aired its preemptive bi-annual telethon, the station aired 65 hours of core children's programming for the quarter, which is still 26 hours more (65 vs. 39 hours) than is required by Commission Rule 73.671 (Note 2). The station also aired 84.46 hours per week of additional core children's television programming, or 1098 hours for the quarter on its three digital sub-channels. This represents 981 hours, on average, above the required 117 hours of additional children's television programming per quarter, specified by the Commission in this circumstance. TCT started re-airing on the third digital sub-channel (the Aramaic Broadcasting Network), at 12:00 PM on August 18, 2014.
