Digital Core  
Programming

Question	Response
State the average number of hours of Core Programming per week broadcast by the station on its main program stream	4.0
State the average number of hours per week of free over-the-air digital video programming broadcast by the station on other than its main program stream	168.0
State the average number of hours per week of Core Programming broadcast by the station on other than its main program stream. See 47 C.F.R. Section 73.671:	3.0
Does the Licensee provide information identifying each Core Program aired on its station, including an indication of the target child audience, to publishers of program guides as required by 47 C.F.R. Section 73.673?	Yes
Does the Licensee certify that at least 50% of the Core Programming counted toward meeting the additional programming guideline (applied to free video programming aired on other than the main Yes No program stream) did not consist of program episodes that had already aired within the previous seven days either on the station's main program stream or on another of the station's free digital program streams?	Yes

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	The educational goal of this program is to show teens the proper reaction when faced with everyday circumstances. Through dramatic reenactments, the program documents ordinary teens who accidentally find themselves in perilous and challenging situations. Various experts interview the participants and explain what the proper reaction should be when faced with similar perilous circumstances. A moral dilemma segment will also be featured in each show in an effort to help teens to make the right decision at the right moment. This program aired on the main digital stream.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	The key objective of this program is to familiarize children with the animals of the North American continent, their interaction with other animals, and their environment. Throughout the series, emphasis is placed upon protecting endangered species and the impact that humans have while interacting in their environment. The goal of this program is for the viewer to achieve a greater understanding of nature and specific animal species, with the aid of up-close and detailed photography throughout the program. Through this understanding, it is hoped that viewers will better relate to the natural environment in North America and learn to protect North America's animal species. This program aired on the main digital stream.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Hosted by Pat Summerall, this program takes viewers coast-to-coast and in-depth with the brightest young athletes in sports. The series profiles high school athletes who have overcome personal adversity to pursue their dreams. The athletes are recognized for their classroom achievements, as well as their contributions in extracurricular activities. The importance of dedication, discipline, commitment to academics, and community involvement are spotlighted as part of the athletes' success. The stories strive to inspire viewers to pursue knowledge and a healthy, active lifestyle, despite any personal difficulties. This program aired on the secondary digital channel WRDC 28.2.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	This series stresses the importance of learning about the environment and how to protect it. The episodes showcase the innovative ways people make new products and create sources of energy, all while saving money. New scientific discoveries and their practical applications are examined to show teen viewers how easy it can be to reduce wasteful consumption, recycle different products, improve the viewers' quality of life, and improve the environment. Viewers are challenged to engage in critical thinking about the ecosystem, and to choose sensible and economical approaches to protecting it. This program aired on the secondary digital channel WRDC 28.2.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Supported by a team of Georgia Aquarium biologists, veterinarians, and other experts, Jeff Corwin travels the world to explore the Earth's least understood resource, our oceans and waterways and the animals which call them home. He swims with manta rays, pointing out that their body form was the inspiration for the design of the Stealth jet. While in the water with whale sharks, he takes samples of their blood to better understand their biology. As Jeff continues his journey through each episode, the viewer is able to connect with these animals and learn how important they are to all life on the planet, as well as how sea life connects to life on the rest of the globe. This program aired on the secondary digital channel WRDC 28.2.

Liaison Contact

Question	Response
Does the Licensee publicize the existence and location of the station's Children's Television Programming Reports (FCC 398) as required by 47 C.F.R. Section 73.3526(e)(11)(iii)?	Yes
Name of children's programming liaison	Scott Bradsher
Address	3012 Highwoods Blvd., Suite 101
City	Raleigh
State	NC
Zip	27604
Telephone Number	919-877-8091
Email Address	sbradsher@sbgtn.com
Include any other comments or information you want the Commission to consider in evaluating your compliance with the Children's Television Act (or use this space for supplemental explanations). This may include information on any other noncore educational and informational programming that you aired this quarter or plan to air during the next quarter, or any existing or proposed non-broadcast efforts that will enhance the educational and informational value of such programming to children. See 47 C.F.R. Section 73.671, NOTES 2 and 3.	WRDC aired approximately 3 hours of Kid related PSA's in this quarter. The PSA's were about such subjects as: Environment, education, crime, Health, and fitness. WRDC also gives station tours for school groups and scout troops. WRDC also produced Community Matters on MyRDC, a half-hour program that focuses on issues important to the local community.
