Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Is a live action/animated series about a little boy who lives in a rural area and has a rich fantasy life in the woods behind his home. Tom uses specific movements to summon up magic powers that permit him to morph into an animated hero and fly around in Treetopolis, the fantasy version of his woods. While in Treetopolis, Tom and his friends, Ariella, Twigs, Squirmturn and Zigzoo will invariably run into a problem or disaster that needs fixing. Tom calls upon the audience to practice original dance moves that will bring him "Big World" magic so he and his friends can resolve their challenge of the day. Educational messages reinforce positive socio-emotional content, with examples that model: being loyal to good friends, knowing how to ask for help, doing the right thing instead of what is convenient, making the effort to share rather than being selfish or relying on teamwork in order to accomplish a goal.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Astroblast! is the space station and home of six animal characters in Bob Colar's book series of the same name. The space station is managed by an over-confident and exuberant commander, Comet the dog. The crew includes, Sputnik the pig, a very knowledgeable reader; Haley, a rabbit, Comet's true peer and an athlete; Radar, the monkey, who is somewhat self-involved, Jet, a silent alligator whose gestures and expressions are his mode of communication, and Sal, a congenial 3-eyed octopus who runs the counter in the Smoothie Shack, the space station cafe. While the space station supports the missions of a bizarre and diverse array of aliens, the Smoothie Shack is the hub of social interaction for the galaxy. There is always something happening at Astroblast! And everyone on the crew has plenty to learn to keep the community happy and on an even keel.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Encourages fitness and healthful habits for preschool children. In the imaginary setting of Lazy Town, characters' eating and fitness habits are linked to problem solving in their world. The lead character is Stephanie, a young girl who guides the audience through the story as she and her friends ("human" puppets) and her Uncle (Mayor Milford Meanswell) navigate life within Lazy Town. Robbie Rotten, the underground spy and influencer who personifies the ethos of Lazy Town, is determined to ruin the health and fitness practices of Stephanie and her friends. When the kids have difficulty with Robbie Rotten, Sportacus, a gymnast/athlete prepared to answer any call for help, comes to the rescue from his home in a zeppelin-like aircraft that hovers over earth. The underlying themes of Lazy Town stress the importance of eating "sports candy" (aka fruits and vegetables), always obtaining sufficient sleep, and going outside to engage in a wide range of physical activities including playing games, competing athletically, and even building forts and play structures.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	RAGGS is a musical & educational preschool series starring five colorful canines. They are not your average dogs - they're also talented musicians who make great rock 'n' roll music as The Raggs Band. Over 200 original songs, the power of the music and humor stimulate children to become actively involved in learning. Raggs introduces children to elements that span the preschool curriculum, working to nurture their sense of self and others, as well as fostering a strong motivation to learn and achieve.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	NOODLE AND DOODLE is an instructional series that features creating art projects and cooking projects around a specific theme. The show is hosted by Sean, who drives around in a double-decker bus fully equipped with art supplies, and a kitchen, all ready for any assignment. The projects encourage parent engagement and often feature families working together to make something for display in the child's home. Sean is accompanied by Doggity, an every-faithful Beagle dog, who transforms into an animated character during interstitial trips to a parallel universe and kitchen full of prank playing animated characters. While the show will be enjoyed by preschoolers, the projects are also very practical and engaging to implement for children ages 2-5. The art projects typically feature lessons on recycling materials for re-use in making art and always demonstrate that creativity can transform something intended for one purpose into something useful to achieve a completely different goal.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Features a five-year-old "baby" chick who spends her days with her parents in their costume shop, the Coop. The shop's one employee, Kelly, doubles as Chica's nanny and the ensemble is rounded out with Bunji, a large floppy eared rabbit and Stitches, a straw mannequin that sits in the window. In each episode Chica develops or encounters a problem that she cannot immediately resolve. Usually her issues involve impulse control, distractibility, judgment, and inter-personal behaviors. She and Kelly usually work on the problem through an adventure-a fantasy transformation to animation-- where Bunji and Stitches come alive and join Chica and Kelly for the problem solving process. The core educational content is primarily socio-emotional development, and Chica learns how to express herself properly, think before she acts, and interact with others effectively. She often learns that it takes hard work and practice to become proficient at different skills.

Dive Olly Dive offers a collection of boy and girl characters each with their own unique characteristics and strengths. Skid, although something of a bully, comes around in each episode and is never cruel. The team is supportive of one another and lessons of predicting, considering and discovering are cleverly interwoven into an entertaining storyline. Although the series is standard in terms of storytelling, that is, it does not incorporate some of the elements that we know extend a series' power in terms of teaching, Dive Olly Dive offers relatable characters and episodes that are clearly created with the intention of supporting a child's learning. In particular this series supports a child's social development and problem solving skills.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Doki offers fun characters each with their own strengths and weaknesses (therefore offering a broad representation of possible at-home-viewers). The team is supportive of one another and the "world" of Doki and its characters reflects the media landscape of today's child. Although the most supportive programming involves the audience through presentation of material in a way that demands intellectual interaction on the part of the viewer (i.e., encouraging the viewer to assist on -screen characters to solve problems), and this series might benefit from this type of "interaction," Doki does offer enthusiastic characters, real questions, and an "arguably" realist presentation of discovery. Combined, these elements will keep children engaged and support their learning.

Age of Target Child Audience from 2 years to 5 years

Describe the educational and informational objective of the program and how it meets the definition of Core Programming. Poppy Cat is based on the Poppy Cat's Adventures book series authored and illustrated by Lara Jones. A narrator, also named Lara, reads a story to her cat in each episode. This story stars the narrator's own Poppy Cat, who envisions and takes his friends on imaginary adventures. The friends are Zuzu, a Dalmatian who zips around on a skateboard; Alma, a southern belle bunny who is ultra-feminine and sweetly dramatic, Mo, a little mouse who tries his best to do as much as everyone else despite his size; Owl, the wise one who is prone to neck rolls and commentary when things irritate him or don't make sense, and the grouchy Egbert, an arrogant and obnoxious badger who refuses to play with the group and invariably attempts to sabotage their adventures. Occasionally Hilda, a forgetful and ditzy pigeon who flies into their adventures, appears to say hello or provide misguided directions to the friends. Once their mission is accomplished, the friends return to their little village and resume their cheerful, active lives. At the conclusion of her story, Lara closes her book and says good-bye to Poppy Cat, who is usually ready for his nap.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Is a live action/animated series about a little boy who lives in a rural area and has a rich fantasy life in the woods behind his home. Tom uses specific movements to summon up magic powers that permit him to morph into an animated hero and fly around in Treetopolis, the fantasy version of his woods. While in Treetopolis, Tom and his friends, Ariella, Twigs, Squirmturn and Zigzoo will invariably run into a problem or disaster that needs fixing. Tom calls upon the audience to practice original dance moves that will bring him "Big World" magic so he and his friends can resolve their challenge of the day. Educational messages reinforce positive socio-emotional content, with examples that model: being loyal to good friends, knowing how to ask for help, doing the right thing instead of what is convenient, making the effort to share rather than being selfish or relying on teamwork in order to accomplish a goal.
