Digital Core
Programming

Question	Response
State the average number of hours of Core Programming per week broadcast by the station on its main program stream	6.0
State the average number of hours per week of free over-the-air digital video programming broadcast by the station on other than its main program stream	168.0
State the average number of hours per week of Core Programming broadcast by the station on other than its main program stream. See 47 C.F.R. Section 73.671:	3.0
Does the Licensee provide information identifying each Core Program aired on its station, including an indication of the target child audience, to publishers of program guides as required by 47 C.F.R. Section 73.673?	Yes
Does the Licensee certify that at least 50% of the Core Programming counted toward meeting the additional programming guideline (applied to free video programming aired on other than the main Yes No program stream) did not consist of program episodes that had already aired within the previous seven days either on the station's main program stream or on another of the station's free digital program streams?	Yes

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Animal Atlas ties together images and action in nature with educational and informational themes while learning fascinating facts about the animal kingdom. It builds on natural curiosity and adolescent-friendly topics like weapons, groups and inherited behaviors as it builds in challenges to viewer knowledge with teaser questions before the breaks and answers to follow. Using animal footage, humor, and an everyday narrative style to reach the minds of its target group, its tradition of broadening the knowledge of young viewers through friendly and fascinating information remains a primary goal.
