Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Ruff-Ruff, Tweet & Dave is an animated show that puts an emphasis on logical thinking and use of language through fun problem solving adventures. The three characters are guided by Hatty, an erudite hamster who wears a hat full of questions. The trio agrees that they would like to take a particular adventure and rev up their Roly-pods, enter the Spin-Again transport vehicle and arrive at their destination. Once there, Hatty challenges them to make decisions and choose options that will lead to success or failure with their quest. Once the mission is complete, they review their effort, assemble the Roly-pods and head home. Each episode will reveal a new adventure about making choices and encourages viewers to watch the show while accessing a companion interactive mobile app.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Astroblast is an American 2D CGI animated series. It follows the zany adventures of a crew of fun-loving space animals that manage the Astroblast Space Station, the coolest hangout in outer space. Sputnik is a pig who wears purple. She loves to read and is depicted as being very knowledgeable. Haley is a rabbit who wears pink. She is depicted as being daring, fun-loving, and a thrill-seeker. Comet is a dog who wears blue. He is depicted as the leader of the group, and likes exciting and loud things. Radar is a monkey who wears green. He is depicted as being athletic, but he's also a bit of a sore loser. Jet is an alligator/crocodile (species unknown) who wears orange. He never talks, but he is very expressive and everyone understands his gestures. Sal is a purple, three-eyed space octopus. He often shares his "gam-gam" (grandmother)'s advice whenever there's a sticky situation. The core educational content is primarily socio-emotional development, with the target audience learning different ways to communicate and acceptance of different personalities.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	<p>Lazy Town encourages fitness and healthful habits for preschool children. In the imaginary setting of Lazy Town, characters' eating and fitness habits are linked to problem solving in their world. The lead character is Stephanie, a young girl who is determined to coax her friends and relatives into adopting a healthy, active lifestyle. She wins over her new friends, Ziggy, Stingy, Trixie and Pixel, convincing them to leave their gaming consoles and candy stashes at home so they can go outside and play. She persuades her uncle, Mayor Milford Meanswell, and his friend, Ms. Busy Body, to support her efforts. Robbie Rotten, the underground spy who personifies the ethos of Lazy Town, is determined to ruin the health and fitness practices of Stephanie and her friends. When the kids have difficulty with Robbie Rotten, Sportacus, a gymnast/athlete prepared to answer any call for help, comes to the rescue from his home in a zeppelin-like aircraft that hovers over earth. The underlying themes of Lazy Town stress the importance of eating "sports candy" (aka fruits and vegetables), always obtaining sufficient sleep, and going outside to engage in a wide range of physical activities including playing games, competing athletically, and even building forts and play structures.</p>

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Floogals is an animated show starring three space aliens--Fleeker, Flo and Boomer--who have been sent to earth to explore, investigate, discover and report their findings to their superiors at Floogal headquarters. The diminutive Floogals are no taller than a large safety pin and their visual perspective is literally the point of view of the show. With the multiple challenges of their size and ignorance of all things Hooman [that's Floogal-speak for human], the Floogals have a lot of work on their hands. They are engaged in the dual processes of discovery and problem solving as nothing on earth is familiar to them. Much like young children, they begin by encountering something new and then go through a comedic multi-step process of watching, listening, touching and note-taking until they've figured out what and how their new discovery fits into the Hooman universe.

Origination	Network
Days/Times Program Regularly Scheduled	Saturdays at 9:00am
Total times aired at regularly scheduled time	13
Length of Program	30 mins
Age of Target Child Audience from	2 years to 5 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	An animated show starring three space aliens --Fleeker, Flo and Boomer--who have been sent to earth to explore, investigate, discover and report their findings to their superiors at Floogal headquarters. The diminutive Floogals are no taller than a large safety pin and their visual perspective is literally the point of view of the show. With the multiple challenges of their size and ignorance of all things Hooman (that's Floogal-speak for human), the Floogals have a lot of work on their hands. They are engaged in the dual processes of discovery and problem solving as nothing on earth is familiar to them. Much like young children, they begin by encountering something new and then go through a comedic multi-step process of watching, listening, touching and note taking until they've figured out what and how their new discovery fits into the Hooman universe.

Length of Program	30 mins
Age of Target Child Audience from	2 years to 5 years

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Nina's World is an animated show based on a six year old Latina, who lives in San Antonio, Texas with her parents, who own the local bakery, and her Abuela (grandmother). Her Tio (Uncle) Javier lives nearby and there are lots of different children and adults from several different cultures in the apartment complex and neighborhood where she lives. Nina's best friend is Star, a stuffed starfish pillow character brought to life by Nina's imagination. Each episode features Nina taking on a challenge, solving a problem, or finding a way to help others. She is very confident about her abilities, which sometimes gets her into trouble. However, with encouragement and chiding from Abuela, Nina learns about how to plan her "work", take responsibility for her actions, and correct her mistakes.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Astroblast is an American 2D CGI animated series. It follows the zany adventures of a crew of fun-loving space animals that manage the Astroblast Space Station, the coolest hangout in outer space. Sputnik is a pig who wears purple. She loves to read and is depicted as being very knowledgeable. Haley is a rabbit who wears pink. She is depicted as being daring, fun-loving, and a thrill-seeker. Comet is a dog who wears blue. He is depicted as the leader of the group, and likes exciting and loud things. Radar is a monkey who wears green. He is depicted as being athletic, but he's also a bit of a sore loser. Jet is an alligator/crocodile (species unknown) who wears orange. He never talks, but he is very expressive and everyone understands his gestures. Sal is a purple, three-eyed space octopus. He often shares his "gam-gam" (grandmother)'s advice whenever there's a sticky situation. The core educational content is primarily socio-emotional development, with the target audience learning different ways to communicate and acceptance of different personalities.

Origination	Network
Days/Times Program Regularly Scheduled	Saturdays at 11:00am
Total times aired at regularly scheduled time	13
Length of Program	30 mins
Age of Target Child Audience from	2 years to 5 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Chica is a five-year-old chick who spends her days with her parents in their costume shop, The Coop. The shop's one employee, Kelly, doubles as Chica's nanny and the ensemble is rounded out with Bunji, a large floppy eared rabbit and Stitches, a straw mannequin that sits in the window. In each episode, Chica develops or encounters a problem that she cannot immediately resolve. Usually her issues involve impulse control, distractibility, judgement, and inter-personal behaviors. She and Kelly usually work on the problem through an adventure- a fantasy transformation to animation- where Bunji and Stitches come alive and join Chica and Kelly for the problem solving process. The core educational content is primarily socio-emotional development, and Chica learns how to express herself properly, think before she acts, and interact with others effectively. She often learns that it takes hard work and practice to become proficient at different skills.
