Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Astroblast!, based on the book series "Astroblast!" by author and illustrator Bob Kolar, is set on a space station in an unknown solar system. The station is populated by five animal characters and one 3-eyed octopus of unknown derivation. Each episode begins with an everyday conversation or incident that grows into a predicament of some sort needing a solution. While these predicaments take place on a space station populated by animal characters and aliens from different galaxies, the issues and resolutions resonate for a preschool audience. Through comedy and zippy action, our target audience sees how the characters learn lessons for practical living such as how to: keep track of things that belong to you, practice good habits, clean up a space when you've made a mess, rebound from a failure or embarrassing incident, or resist the urge to blame others for your mistakes.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Ninas World is an animated show based on a six year old Latina, who lives in San Antonio, Texas with her parents, who own the local bakery, and her Abuela grandmother. Her Tio Uncle Javier lives nearby and there are lots of different children and adults from several different cultures in the apartment complex and neighborhood where she lives. Ninas best friend is Star, a stuffed starfish pillow character brought to life by Ninas imagination. Each episode features Nina taking on a challenge, solving a problem, or finding a way to help others. She is very confident about her abilities, which sometimes gets her into trouble. However, with encouragement and chiding from Abuela, Nina learns about how to plan her work, take responsibility for her actions, and correct her mistakes.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Earth to Luna is a Brazilian animated series specifically aimed at teaching 2-5 year old children how to ask questions about nature and science and vigorously pursue the answers. The show encourages curiosity, research, and critical thinking. Each episode of the show is focused on a particular creature, object, or phenomenon that would be of interest to the target audience. For example, Luna might wonder how she can grow a plant without a seed and finds the answer through her inquiry process. The characters, Luna, Jupiter (her brother), and Clive (their pet ferret) embark on a research effort that takes the audience through each step that answers their overarching question. The show uses recurring features, signature phrases, and songs to cue the audience when they need to do research, when they transition to the adventure, and when they have reached the ending to review all they've learned.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Clangers is a beloved British series that was originally conceived by Oliver Postgate in 1969 and has been re-conceived and invigorated by his son, Daniel Postgate. The show features the Clanger family, small mouse-like creatures that live on Clanger Planet far away from Earth. The members of the family are presented with many unusual challenges that become the center of a dilemma that must be resolved within each episode. Strange visitors arrive out of nowhere and Clangers have to figure out who the visitors really are and why they are on Clanger Planet. Sometimes they need to help or rescue someone who has become lost on the planet. Other times, they are trying to understand outer space: meteors and comets and eclipses of the sun or moon. Each member of the family has a forte, from playing music to knitting or gardening or inventing equipment that comes in handy for some of the problem solving that takes place.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Lazy Town promotes fitness and healthful habits for preschool children. It takes place in an imaginary setting, Lazy Town, and most episodes relate children's eating and fitness habits to problem solving in their "real world." The lead character, Stephanie, guides the audience through the story. She and her best friends, a group of "human" puppets reside in Lazy Town, where her uncle is the Mayor Milford Meanswell. The underground spy and influencer who defines the ethos of Lazy Town is Robbie Rotten, and he is determined to ruin the health and fitness practices of Stephanie and her friends. When the kids get into difficulties with Robbie Rotten, it is Sportacus, gymnast/athlete who comes to the rescue from his home in a spaceship that hovers over earth, prepared to answer to any call for help. The ever-present theme of Lazy Town is to eat "sports candy" which consists of fruits and vegetables, get sufficient sleep, and go outside and engage in a wide range of physical activities, from playing games, holding athletic competitions, to building forts and play structures.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	There will be one new show introduced during the 3rd Quarter, Ruff Ruff, Tweet, and Dave (RRTD). This animated show puts an emphasis on logical thinking and use of language through fun problem solving adventures. The trio, RRTD, is guided by Hatty, an erudite hamster who wears a hat full of questions. The three characters agree that they would like to take a particular adventure and rev up their Roly-pods, enter the Spin-Again transport vehicle and arrive at their destination. Once there, Hatty challenges them to make decisions and choose options that will lead to success or failure with their quest. Once their mission is complete, they review their effort, assemble the Roly-Pods and head home. Their adventures are varied. They might go climb a mountain, design their own fairy tale, or build a sand castle.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Ariel & Zoey & Eli, Too (AZE2), a musical variety show that is driven by three siblings, empowers children to accomplish their goals and their dreams. AZE2 accomplishes this through interviewing people who excel in their profession and have a positive message for kids, introducing guests who perform different genres of music, and resending musical performances by the cast members themselves. These cast musical performances show children they can write their own music and the importance of teamwork. Music on the show is produced by Emmy Award winner David Barrett. He and Brian Brill (another Emmy winner) ensure that the music is tailored for the young audience. All songs offer a positive message about life. Every episode begins with the song "Sweet Company which sends the positive message of friendship and ends with the singing of End of Another Day which encourages the viewer to stay optimistic about tomorrow.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Aqua Kids provides a unique vehicle for young people to learn about the diversity of marine animals around the world, emphasizing the importance of preserving fragile aquatic habitats and encouraging children to take an active role in protecting the future of their community and the world. The program provides a window into the management and preservation of unique habitats and species through the eyes of kids and their hands-on collaboration with science researchers and educators. The messages delivered by Aqua Kids are given by a creative and resourceful host, Molly McKinney, whose scientific background is evident in the show. The other young hosts, whose ages range from pre-teen to late teens, are equally entertaining and informative. The young viewers identify with these young hosts and imagine themselves in the role of the scientist and as someone who could have a positive impact on the environment. The format of young student scientists presenting information on location in a variety of aquatic settings is both entertaining and informative.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Howdy Doody is a 1975 series which is known to its viewers for Buffalo Bob in his cowboy attire and a cast of human characters such as Clarabell the Clown and Chief Thunderthud as well as puppets (i.e., Howdy Doody, Dilly Dally, Flub-a-Dub, etc.). Children sat on stage in the Peanut Gallery, thus making this show a forerunner of interactive programming we enjoy today. The primary value of the series is to educate and entertain elementary school-aged children. In addition, both older children and monitoring adults will find this series amusing and quite charming as Howdy Doody is a timeless character who has an interactive quality. Educationally, the series offers opportunities for parents and teachers to teach lessons related to language, character development, science, and listening skills. In accordance with the 1990 Children's Television Act (ATC) intended to increase educational and informational programming for children on television, HOWDY DOODY clearly meets the goals of providing children with a television show that meets CORE requirements of the FCC as follows: 1. Issues such as bullying, establishing trust and courtesy are faced and resolved in the episodes. 2. Responsibility is presented in a positive and encouraging manner. 3. Making choices in life, mastery of attachment and separation are emphasized in each episode. 4. Issues of competition and loyalty are conveyed throughout the series. (Showplace TV Syndication)
