Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Based on the book series "Astroblast!" by author and illustrator Bob Kolar, is set on a space station in an unknown solar system. The station is populated by five animal characters and one 3-eyed octopus of unknown derivation. Each episode begins with an everyday conversation or incident that grows into a predicament of some sort needing a solution. While these predicaments take place on a space station populated by animal characters and aliens from different galaxies, the issues and resolutions resonate for a preschool audience. Through comedy and zippy action, our target audience sees how the characters learn lessons for practical living such as how to: keep track of things that belong to you, practice good habits, clean up a space when you've made a mess, rebound from a failure or embarrassing incident, or resist the urge to blame others for your mistakes.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Ruff-Ruff, Tweet, and Dave (RRTD) is an animated show which puts an emphasis on logical thinking and use of language through fun problem solving adventures. The trio, RRTD, is guided by Hatty, an erudite hamster who wears a hat full of questions. The three characters agree that they would like to take a particular adventure and rev up their Roly-pods, enter the Spin-Again transport vehicle and arrive at their destination. Once there, Hatty challenges them to make decisions and choose options that will lead to success or failure with their quest. Once their mission is complete, they review their effort, assemble the Roly-Pods and head home. Their adventures are varied. They might go climb a mountain, design their own fairy tale, or build a sand castle.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Earth to Luna is a Brazilian animated series specifically aimed at teaching 2-5 year old children how to ask questions about nature and science and vigorously pursue the answers. The show encourages curiosity, research, and critical thinking. Each episode of the show is focused on a particular creature, object, or phenomenon that would be of interest to the target audience. For example, Luna might wonder how she can grow a plant without a seed and finds the answer through her inquiry process. The characters, Luna, Jupiter (her brother), and Clive (their pet ferret) embark on a research effort that takes the audience through each step that answers their overarching question. The show uses recurring features, signature phrases, and songs to cue the audience when they need to do research, when they transition to the adventure, and when they have reached the ending to review all they've learned.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Clangers is a beloved British series that was originally conceived by Oliver Postgate in 1969 and has been reconceived and invigorated by his son, Daniel Postgate. The show features the Clanger family, small mouse-like creatures that live on Clanger Planet far away from Earth. The members of the family are presented with many unusual challenges that become the center of a dilemma that must be resolved within each episode. Strange visitors arrive out of nowhere and Clangers have to figure out who the visitors really are and why they are on Clanger Planet. Sometimes they need to help or rescue someone who has become lost on the planet. Other times, they are trying to understand outer space: meteors and comets and eclipses of the sun or moon. Each member of the family has a forte', from playing music to knitting or gardening or inventing equipment that comes in handy for some of the problem solving that takes place.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	The Young Icons is a television program that provides educational and informational segments exposing the target audience of young viewers to accomplished 'teens' that have set goals and are giving back to their communities as mentors, scholars, entrepreneurs and philanthropists. Each guest shares their personal stories of what motivated them to take on their passion and/or focus in their chosen field of endeavor. One guest's message inspires young audiences to "never let age hold us back, no matter how old you may be". Parents play an important role in supporting their 'young icons'. As one parent stated, "You can take a simple idea and turn it into something that can help an awful lot of people." The program provides a motivational and inspirational message that empowers audiences of all ages that hard work; dedication and looking beyond ourselves will pay off for everyone. Each segment of The Young Icons delivers an educational and informational message that supports current social, intellectual and emotional aspects of children ages 13 and up. Attributes and advice emphasized by guests instill a grounded balance of priorities, commitment, and perseverance children can apply to their lives.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	The mission of Eyewitness Kids News is to produce a weekly news program that provides information and news to kids in a manner that is educational as well as highly entertaining. The target audience for the program is 13 to 16 year olds. It is designed to appeal to the audience on its own level. The focus of the program is young people, always letting them tell their stories in their own words. The large, diverse news anchor team is unique in television and has great appeal on kids who identify and emulate them. This program serves the audience in a way that makes a real difference in their lives. It inserts the clear voice of the kid into the adult-dominated media and provides a unique perspective to the news that is not currently available on network television. This is a unique way of doing business in the crowded world of television news. There is no current news programming that features actual kids reporting to other kids on television. There have been shows by adults working with kids but none that a young audience can literally identify with. TKN is filling that void and has captured the imagination of America, becoming the first program in history targeting the next generation of news viewers.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Floogals is an animated show starring three space aliens (Fleeker, Flo, and Boomer) who have been sent to earth to explore, investigate, discover and report their findings to their superiors at Floogal headquarters. The diminutive Floogals are no taller than a large safety pin and their visual perspective is literally the point of view of the show. With the multiple challenges of their size and ignorance of all things Hooman (that is Floogal-speak for human), the Floogals have a lot of work on their hands. They are engaged in the dual processes of discovery and problem-solving as nothing on earth is familiar to them. Much like young children, they begin by encountering something new and then go through a comedic multi-step process of watching, listening, touching, and note-taking until they haveve figured out what and how their new discovery fits into the Hooman universe.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	This animated show puts an emphasis on logical thinking and use of language through fun problem solving adventures. The trio, RRTD, is guided by Hatty, an erudite hamster who wears a hat full of questions. The three characters agree that they would like to take a particular adventure and rev up their Roly-pods, enter the Spin-Again transport vehicle and arrive at their destination. Once there, Hatty challenges them to make decisions and choose options that will lead to success or failure with their quest. Once their mission is complete, they review their effort, assemble the Roly-Pods and head home. Their adventures are varied. They might go climb a mountain, design their own fairy tale, or build a sand castle.

Days/Times Program Regularly Scheduled	Saturday 9:00am
Total times aired at regularly scheduled time	13
Length of Program	30 mins
Age of Target Child Audience from	2 years to 5 years

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Earth to Luna is a Brazilian animated series specifically aimed at teaching 2-5 year old children how to ask questions about nature and science and vigorously pursue the answers. The show encourages curiosity, research, and critical thinking. Each episode of the show is focused on a particular creature, object, or phenomenon that would be of interest to the target audience. For example, Luna might wonder how she can grow a plant without a seed and finds the answer through her inquiry process. The characters, Luna, Jupiter (her brother), and Clive (their pet ferret) embark on a research effort that takes the audience through each step that answers their overarching question. The show uses recurring features, signature phrases, and songs to cue the audience when they need to do research, when they transition to the adventure, and when they have reached the ending to review all they've learned.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Astroblast is the space station and home of six animal characters in Bob Colar's book series of the same name. The space station is managed by an over-confident and exuberant commander, Comet the dog. The crew includes, Sputnik the pig, a very knowledgeable reader - Haley, a rabbit, Comet's true peer and an athlete, Radar, the monkey, who is somewhat self-involved, Jet, a silent alligator whose gestures and expressions are his mode of communication, and Sal, a congenial 3-eyed octopus who runs the counter in the Smoothie Shack, the space station cafe. While the space station supports the missions of a bizarre and diverse array of aliens, the Smoothie Shack is the hub of social interaction for the galaxy. There is always something happening at Astroblast! And everyone on the crew has plenty to learn to keep the community happy and on an even keel.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	The Clangers is a beloved British series that was originally conceived by Oliver Postgate in 1969 and has been reconceived and invigorated by his son, Daniel Postgate. The show features the Clanger family, small mouse-like creatures that live on Clanger Planet far away from Earth. The members of the family are presented with many unusual challenges that become the center of a dilemma that must be resolved within each episode. Strange visitors arrive out of nowhere and the Clangers have to figure out who and why they are on Clanger Planet. Sometimes they need to help or rescue someone who has become lost on the planet. Other times, they are trying to understand outer space; meteors and comets and eclipses of the sun or moon. Each member of the family has a forte', from playing music to knitting or gardening or inventing equipment that comes in handy for some of the problem solving that takes place.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Lazy Town encourages fitness and healthful habits for preschool children. In the imaginary setting of Lazy Town, characters' eating and fitness habits are linked to problem solving in their world. The lead character is Stephanie, a young girl who guides the audience through the story as she and her friends ("human" puppets) and her Uncle (Mayor Milford Meanswell) navigate life within Lazy Town. Robbie Rotten, the underground spy and influencer who personifies the ethos of Lazy Town, is determined to ruin the health and fitness practices of Stephanie and her friends. When the kids have difficulty with Robbie Rotten, Sportacus (a gymnast/athlete prepared to answer any call for help) comes to the rescue from his home in a zeppelin-like aircraft that hovers over earth. The underlying themes of Lazy Town stress the importance of eating "sports candy" (aka fruits and vegetables), always obtaining sufficient sleep, and going outside to engage in a wide range of physical activities that include playing games, competing athletically, and even building forts and play structures.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	The mission of Eyewitness Kids News is to produce a weekly news program that provides information and news to kids in a manner that is educational as well as highly entertaining. The target audience for the program is 13 to 16 year olds. It is designed to appeal to the audience on its own level. The focus of the program is young people, always letting them tell their stories in their own words. The large, diverse news anchor team is unique in television and has great appeal on kids who identify and emulate them. This program serves the audience in a way that makes a real difference in their lives. It inserts the clear voice of the kid into the adult-dominated media and provides a unique perspective to the news that is not currently available on network television. This is a unique way of doing business in the crowded world of television news. There is no current news programming that features actual kids reporting to other kids on television. There have been shows by adults working with kids but none that a young audience can literally identify with. TKN is filling that void and has captured the imagination of America, becoming the first program in history targeting the next generation of news viewers.
