Digital Core
Programming

Question	Response
State the average number of hours of Core Programming per week broadcast by the station on its main program stream	3.0
State the average number of hours per week of free over-the-air digital video programming broadcast by the station on other than its main program stream	336.0
State the average number of hours per week of Core Programming broadcast by the station on other than its main program stream. See 47 C.F.R. Section 73.671:	9.0
Does the Licensee provide information identifying each Core Program aired on its station, including an indication of the target child audience, to publishers of program guides as required by 47 C.F.R. Section 73.673?	Yes
Does the Licensee certify that at least 50% of the Core Programming counted toward meeting the additional programming guideline (applied to free video programming aired on other than the main Yes No program stream) did not consist of program episodes that had already aired within the previous seven days either on the station's main program stream or on another of the station's free digital program streams?	Yes

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	<p>This program showcases the hard work and dedication required to be a true sports star. Chronicled are the trials and tribulations of young athletes as they strive to become top level performers in the sports arena.</p> <p>This program helps viewers realize that with hard work and determination, their goals in life and on the playing field are attainable. Key values such as dedication, discipline, commitment and community involvement are reinforced in each episode. The program also provides in-depth stories that reveal the important challenges and lessons that mold young athletes. Through these stories, viewers learn that while many desire greatness on the grand stage of competition, much can be learned through the journey that can make a significant difference throughout their lives. (This program aired on the main digital stream)</p>

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	This program is hosted by teens, and uses peer reporting to profile individuals and organizations committed to environmental issues, including reports on the latest recycling and nature conservation efforts, advances in renewable energies and carbon footprint-reducing technology. It also offers advice on how to be more eco-wise while performing daily activities. The program includes "eco bytes" (bits of trivia related to environmental issues) and video footage uploaded by teen viewers to the program's website. By using this information from a youthful point of view, the program encourages young adults to become more proactive about environmentalism and stresses the positive impact that young people's efforts, no matter how small they may seem, can have on the larger world around them. Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	This program encourages viewers to use their creativity, curiosity, confidence, compassion, and enthusiasm for writing and reading, and build a foundation for critical thinking and problem solving. The program uses viewers' submissions of stories, reports on science, history or literature, persuasive writing and essays, recipes, drawings, and poetry as the basis for various program segments. Segments include story theatre, brain games, pupil's court, food folks puppets, detective "mcmystery", and journal journey. Watching viewers' submissions transformed by the cast promotes character development, cooperation and mutual respect of others, and inspires other viewers to submit their own entries, which may be aired on the program.(This program aired on the secondary digital stream.)

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	This program is an exciting and entertaining series which takes viewers on location to explore the magnificent and immense world of Africa's animals. Ushaka, a young South African host, takes the viewer from the brushlands of the Savanna to the great Okavango, and from the greatest game reserves to the most remote beaches of Madagascar, and more. The viewer will see everything from rare African birds to "creepy crawlers", to animal babies interacting with their mothers and siblings. The viewer will learn about life science as well as biological facts, which will educate the viewer about the natural activities of a species as well as its environment, the need for wildlife conservation, and how to better support the protection of endangered species. (This program aired on the tertiary digital stream)

The program uses viewers' submissions of stories, reports on science, history or literature, persuasive writing and essays, recipes, drawings, and poetry as the basis for various program segments. Segments include story theatre, brain games, pupil's court, food folks puppets, detective "mcmystery", and journal journey. Watching viewers' submissions transformed by the cast promotes character development, cooperation and mutual respect of others, and inspires other viewers to submit their own entries, which may be aired on the program.(This program will air on the secondary digital stream)
