Length of Program	30 mins	
Age of Target Child Audience	3 years to 5 years	
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	RAGGS is a musical & educational preschool series starring five colorful canines. They are not your average dogs - they're also talented musicians who make great rock 'n' roll music as The Raggs Band. Over 200 original songs, the power of the music and humor stimulate children to become actively involved in learning. Raggs introduces children to elements that span the preschool curriculum, working to nurture their sense of self and others, as well as fostering a strong motivation to learn and achieve.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	NOODLE AND DOODLE is an instructional series that features creating art projects and cooking projects around a specific theme. The show is hosted by Sean, who drives around in a double-decker bus fully equipped with art supplies, and a kitchen, all ready for any assignment. The projects encourage parent engagement and often feature families working together to make something for display in the child's home. Sean is accompanied by Doggity, an every-faithful Beagle dog, who transforms into an animated character during interstitial trips to a parallel universe and kitchen full of prank playing animated characters. While the show will be enjoyed by preschoolers, the projects are also very practical and engaging to implement for children ages 5-8. The art projects typically feature lessons on recycling materials for re-use in making art and always demonstrate that creativity can transform something intended for one purpose into something useful to achieve a completely different goal

Length of Program	30 mins
Age of Target Child Audience	2 years to 5 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	EL SHOW DE CHICA features a five-year-old "baby" chick who spends her days with her parents in their costume shop, the Coop. The shop's one employee, Kelly, doubles as Chica's nanny and the ensemble is rounded out with Bunji, a large floppy eared rabbit and Stitches, a straw mannequin that sits in the window. In each episode Chica develops or encounters a problem that she cannot immediately resolve. Usually her issues involve impulse control, distractibility, judgment, and inter-personal behaviors. She and Kelly usually work on the problem through an adventure-a fantasy transformation to animation-- where Bunji and Stitches come alive and join Chica and Kelly for the problem solving process. The core educational content is primarily socio-emotional development, and Chica learns how to express herself properly, think before she acts, and interact with others effectively. She often learns that it takes hard work and practice to become proficient at different skills.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	LAZYTOWN promotes fitness and healthful habits for children of preschool and primary grades. It takes place in an imaginary setting, LazyTown, and most episodes relate children's eating and fitness habits to problem solving in their "real world." The lead character, Stephanie, guides the audience through the story. She and her best friends, a group of "human" puppets reside in LazyTown, where her uncle is Mayor Milford Meanswell. The underground spy and influencer who defines the ethos of LazyTown is Robbie Rotten, and he is determined to ruin the health and fitness practices of Stephanie and her friends. When the kids get into difficulties with Robbie Rotten, it is Sportacus, gymnast/athlete, who comes to the rescue from his home in a spaceship that hovers over earth, prepared to answer to any call for help. The ever-present theme of LazyTown is to eat "sports candy" which consists of fruits and vegetables, get sufficient sleep, and go outside and engage in a wide range of physical activities, from playing games and holding athletic competitions, to building forts and play structures.

Include any other comments or information you want the Commission to consider in evaluating your compliance with the Children's Television Act (or use this space for supplemental explanations). This may include information on any other noncore educational and informational programming that you aired this quarter or plan to air during the next quarter, or any existing or proposed non-broadcast efforts that will enhance the educational and informational value of such programming to children. See 47 C.F.R. Section 73.671, NOTES 2 and 3.	This report is being amended because clerical errors were found on the original filed report, those are; the total times aired was entered incorrectly for programs # 3 & 4, among others.
