**Digital Core
Programming**

Question	Response
State the average number of hours of Core Programming per week broadcast by the station on its main program stream	3.0
State the average number of hours per week of free over-the-air digital video programming broadcast by the station on other than its main program stream	336.0
State the average number of hours per week of Core Programming broadcast by the station on other than its main program stream. See 47 C.F.R. Section 73.671:	6.0
Does the Licensee provide information identifying each Core Program aired on its station, including an indication of the target child audience, to publishers of program guides as required by 47 C.F.R. Section 73.673?	Yes
Does the Licensee certify that at least 50% of the Core Programming counted toward meeting the additional programming guideline (applied to free video programming aired on other than the main Yes No program stream) did not consist of program episodes that had already aired within the previous seven days either on the station's main program stream or on another of the station's free digital program streams?	Yes

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	MAKE TELEVISION is a "do it yourself" series for a new generation that encourages critical thinking. The show celebrates the inventors, artists and just plain every day folks who mix new and old technology to create new marvels. The program highlights the importance of the creative process when developing new inventions. It allows teen viewers to see the various innovative ways people are producing new inventions, emphasizing practical engineering applications. In each episode, viewers can see how simple everyday items can be transformed for new and exciting uses, taking objects destined for the garbage and up-cycling them for a whole new purpose. This program is specifically designed to further the educational and informational needs of children, has educating and informing children as a significant purpose, and otherwise meets the definition of Core Programming as specified in the Commission's rules.

Total times aired at regularly scheduled time	13
Total times aired	13
Number of Preemptions	0
Number of Preemptions for other than Breaking News	0
Number of Preemptions Rescheduled	0
Length of Program	30 mins
Age of Target Child Audience	13 years to 16 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	WORD TRAVELS follows the lives of two young professional travel writers Robin Esrock and Julia Dimon as they journey around the world in search of stories to experience, write about, and file for their editors. Esrock focuses on adventurous and physical stories, while Dimon focuses on cultural and people stories. Each episode has the duo investigating stories both separately and together. The series was shot in 36 countries across six continents and helps viewers understand geography and history of the places covered. The series allows teens to explore how individuals in various nations live their daily lives and examines what are the differences in customs and languages in each locale. The series also demonstrates how to write stories about these destinations and what information is relevant to good story-telling. The episodes explore faraway places that most teen viewers may never hear or study about in the classroom. This program is specifically designed to further the educational and informational needs of children, has educating and informing children as a significant purpose, and otherwise meets the definition of Core Programming as specified in the Commission's rules.

Origination	Network
Days/Times Program Regularly Scheduled	Saturdays 11:00-11:30 AM
Total times aired at regularly scheduled time	13
Length of Program	30 mins
Age of Target Child Audience from	13 years to 16 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	WORD TRAVELS follows the lives of two young professional travel writers Robin Esrock and Julia Dimon as they journey around the world in search of stories to experience, write about, and file for their editors. Esrock focuses on adventurous and physical stories, while Dimon focuses on cultural and people stories. Each episode has the duo investigating stories both separately and together. The series was shot in 36 countries across six continents and helps viewers understand geography and history of the places covered. The series allows teens to explore how individuals in various nations live their daily lives and examines what are the differences in customs and languages in each locale. The series also demonstrates how to write stories about these destinations and what information is relevant to good story-telling. The episodes explore faraway places that most teen viewers may never hear or study about in the classroom. This program is specifically designed to further the educational and informational needs of children, has educating and informing children as a significant purpose, and otherwise meets the definition of Core Programming as specified in the Commission's rules.
