Digital Core
Programming

| Question | Response |
|---|----------|
| State the average number of hours of Core Programming per week broadcast by the station on its main program stream | 3.0 |
| State the average number of hours per week of free over-the-air digital video programming broadcast by the station on other than its main program stream | 7.0 |
| State the average number of hours per week of Core Programming broadcast by the station on other than its main program stream. See 47 C.F.R. Section 73.671: | 7.0 |
| Does the Licensee provide information identifying each Core Program aired on its station, including an indication of the target child audience, to publishers of program guides as required by 47 C.F.R. Section 73.673? | Yes |
| Does the Licensee certify that at least 50% of the Core Programming counted toward meeting the additional programming guideline (applied to free video programming aired on other than the main Yes No program stream) did not consist of program episodes that had already aired within the previous seven days either on the station's main program stream or on another of the station's free digital program streams? | Yes |

| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | Supported by a team of Georgia Aquarium biologists, vetrinarians, and other experts, Jeff Corwin travels the world to explore the Earth's least understood resource, our oceans and waterways and the animals which call them home. He swims with manta rays, pointing out that their body form was the inspiration for the design of the Stealth jet. While in the water with whale sharks, he takes samples of their blood to better understand their biology. As Jeff continues his journey through each episode, the viewer is able to connect with these animals and learn how important they are to all life on the planet, as well as how sea life connects to life on the rest of the globe. This show aired on the tertiary digital channel. |

| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | This program provides an inside look at the world of NASCAR auto racing. NASCAR teams, crew members, business personnel, and drivers are featured. They share their experiences, advice, and stories with viewers to provide an in-depth look at the hard work and dedication it takes to achieve their goals. Besides learning how to overcome adversity and the importance of teamwork, the program also informs viewers about the technical aspects of racing, how racing began, information on racing as a career, and the importance of philanthropy and helping others. WILL AIR ON THE NEW SECONDARY DIGITAL CHANNEL |

| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | This program explores all types of wild animals in their own environment and how they survive. Children learn about and develop a respect for animals within their natural habitat and learn why some animals may be on their way to extinction. Each episode provides detailed explanations of different animal species and helps children understand the animals' daily lives. This program will air on the stations tertiary digital channel. 14.3 |

Certification

| Question | Response |
|--|---|
