**Digital Core  
Programming**

| Question  | Response |
|---|----------|
| State the average number of hours of Core Programming per week broadcast by the station on its main program stream  | 3.0      |
| State the average number of hours per week of free over-the-air digital video programming broadcast by the station on other than its main program stream  | 168.0    |
| State the average number of hours per week of Core Programming broadcast by the station on other than its main program stream. See 47 C.F.R. Section 73.671:  | 3.0      |
| Does the Licensee provide information identifying each Core Program aired on its station, including an indication of the target child audience, to publishers of program guides as required by 47 C.F.R. Section 73.673?  | Yes      |
| Does the Licensee certify that at least 50% of the Core Programming counted toward meeting the additional programming guideline (applied to free video programming aired on other than the main Yes No program stream) did not consist of program episodes that had already aired within the previous seven days either on the station's main program stream or on another of the station's free digital program streams? | Yes      |

| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | Each week our host Emily Calandrelli will take viewers on incredible journeys through space that will both entertain and educate. Ever wonder what it would be like to live in space or on a different planet? Watch our host try to perform every day responsibilities while floating in zero gravity. Explore the challenges that come along with living on a different planet as our host lives like an astronaut in a Mars-like habitat. This new half hour weekly series produced for the 13-16 target audience will certainly attract viewers of all ages. We will have episodes on space robotics, commercial space tourism, asteroids, and our search for life, among many others. When appropriate, the host will highlight NASA related programs and internships for young students that are relevant to the content we have shown. The program is regularly scheduled and airs between the hours of 7:00am and 10:00pm. The program is 30 minutes in length and is close-captioned and E/I inscribed. It is identified as an educational and informational show targeted to 13 to 16 year olds in listings provided to publishers of program guides. |

| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | An animal series with a uniquely scientific approach. While most animal shows look at the behavior of animals, Xploration Animal Science goes one step further to look at how and why an animal is able to excel in its environment. This series uses animation, graphics, and scientific analysis from animal experts to give viewers more understanding than ever before of these amazing creatures. Produced specifically for the 13-16 demographic, this is a series that all animal lovers will watch and learn from. The program is regularly scheduled and airs between the hours of 7:00am and 10:00pm. The program is 30 minutes in length and is close-captioned and E/I inscribed. | Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | Biz Kids is an educational television show that teaches financial education and entrepreneurship to young audiences. It uses sketch comedy and young actors to explain basic economic concepts. Using a clever blend of entertainment and education, each Biz Kid\$ episode shows kids how to make and manage money by introducing concepts of financial literacy and entrepreneurship. To keep young viewers engaged, the series includes a fast-paced mix of direct education delivered by young actors, sketch comedies, animation, and stories featuring real life young entrepreneurs. Biz Kid\$ has received the status of "recommended educational resource" by the State Boards of Education in several states including Florida. The program is regularly scheduled and airs between the hours of 7:00am and 10:00pm. The program is 30 minutes in length and is close-captioned and E/I inscribed. It is identified as an educational and informational show targeted to 13 to 16 year olds in listings provided to publishers of program guides. |

| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | Each week our host Emily Calandrelli will take viewers on incredible journeys through space that will both entertain and educate. Ever wonder what it would be like to live in space or on a different planet? Watch our host try to perform every day responsibilities while floating in zero gravity. Explore the challenges that come along with living on a different planet as our host lives like an astronaut in a Mars-like habitat. This new half hour weekly series produced for the 13-16 target audience will certainly attract viewers of all ages. We will have episodes on space robotics, commercial space tourism, asteroids, and our search for life, among many others. When appropriate, the host will highlight NASA related programs and internships for young students that are relevant to the content we have shown. The program is regularly scheduled and airs between the hours of 7:00am and 10:00pm. The program is 30 minutes in length and is close-captioned and E/I inscribed. It is identified as an educational and informational show targeted to 13 to 16 year olds in listings provided to publishers of program guides. |
