| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | On The Spot is a question and answer show challenging viewers to recall middle and high school knowledge about history, science, math, English, second languages, health, geography, art, music, and technology, and then teaches them the answer. The show uses an entertaining on-the-street format to test how well young people know the information contained in their own national curriculum. The format allows a wide range of topics and allows topics to be blended. The program also succeeds in modeling all ages, ethnicities and genders as successful, knowledgeable individuals. Although there are right and wrong answers, there are right answers from people that every audience member can identify with so that they see a representative from their own group succeeding. In turn, it also allows viewers to learn respect for those outside their own group. |

| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | H.R. Pufnstuf is a children's television series produced by Sid and Marty Krofft in the United States. It was the first Krofft live-action, life-size puppet program. The show centered on a shipwrecked boy named Jimmy (played by 16-year old Jack Wild). He is 11 years old when he arrives on the island and turns 12 in the episode called "The Birthday Party." Jimmy and his friend, a talking flute named Freddy, take a ride on a mysterious boat, which promised adventures across the sea, to kooky Living Island, home of dancing, talking trees and singing frogs. The Mayor of Living Island was a friendly and helpful dragon named H.R. Pufnstuf (voiced by the show's writer Lennie Weinrib, who also voices many of the other characters). The boat was actually owned and controlled by a wicked witch named Wilhelmina W. Witchiepoo (played by Billie Hayes) who rode on a broomstick-like vehicle called the Vroom Broom. She used the boat to lure Jimmy and Freddy to her castle on Living Island, where she was going to take Jimmy prisoner and steal Freddy. But Pufnstuf found out about her plot and was able to rescue Jimmy when he leaped out of the enchanted boat with Freddy and swam ashore. Multicast Digital. |

| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | On The Spot is a question and answer show challenging viewers to recall middle and high school knowledge about history, science, math, English, second languages, health, geography, art, music, and technology, and then teaches them the answer. The show uses an entertaining on-the-street format to test how well young people know the information contained in their own national curriculum. The format allows a wide range of topics and allows topics to be blended. The program also succeeds in modeling all ages, ethnicities and genders as successful, knowledgeable individuals. Although there are right and wrong answers, there are right answers from people that every audience member can identify with so that they see a representative from their own group succeeding. In turn, it also allows viewers to learn respect for those outside their own group. |
