Include any other comments or information you want the Commission to consider in evaluating your compliance with the Children's Television Act (or use this space for supplemental explanations). This may include information on any other noncore educational and informational programming that you aired this quarter or plan to air during the next quarter, or any existing or proposed non-broadcast efforts that will enhance the educational and informational value of such programming to children. See 47 C.F.R. Section 73.671, NOTES 2 and 3.	One or more episodes of children's programming that was preempted during the quarter was not rescheduled. The Digital Core Programming Summary section of this report would not permit the station to include preemption reports for such unscheduled preemptions, and FCC Staff has advised that no preemption report for such unscheduled episode is necessary. During second quarter 2016, WVTM-TV aired six additional episodes of the regularly scheduled core childrens program Teen Kids News. In each instance that a Special Edition of Teen Kids News aired, it was aired back-to-back with another episode of Teen Kids News, which created a series of mini-marathons of the program at points throughout the quarter. These additional airings of the program were intended to help increase audience awareness of the program and to further educate and inform teen children viewers about topical, current news events, during a significant election year. These additional core episodes were promoted as special editions and viewers were made aware of the times via crawls and program services. During second quarter 2016, WVTM 13 preempted an episode of Teen Kids News on Sunday, June 12th at 11:00am due to breaking news of the tragedy shooting in Orlando.

In this live-action series, actual big trucks are personified and live in their quarry ready to hit the road to complete all kinds of earth moving, heavy lifting, car crushing, and big maneuvering projects that are sent to their messenger, Mr. Bill Board, a huge digital sign that receives electronically delivered job requests for the team. Bill Board calls the team to assemble as he describes the work. Tork (an earnest dump truck and team leader) organizes the project and gives assignments to the team members. They are Sparky (an amiable front-end loader), Dug (a diligent and indispensable excavator for almost all the jobs), Stotz (an immaculate and vain 18-wheeler semi hauler), and Blinker (the youngest and playful mini front end loader). Invariably they have challenges and risks to manage with each job, but they get resolved with team efforts and mutual respect. Nonetheless, the best part of the day is coming home to the yard satisfied with what they have accomplished, and ready for a nice warm truck wash before they go in formation and sleep for the night.

The trio, RRTD, is guided by Hatty, an erudite hamster who wears a hat full of questions. The three characters agree that they would like to take a particular adventure and rev up their Roly pods, enter the Spin Again transport vehicle, and arrive at their destination. Once there, Hatty challenges them to make decisions and choose options that will lead to success or failure with their quest. Once their mission is complete, they review their effort, assemble the Roly Pods and head home. Their adventures are varied. They might go climb a mountain, design their own fairy tale, or build a sand castle.
