Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	<p>Animal trainer Brandon McMillan operates a training facility known as the Lucky Dog Ranch, where his mission is to rescue hard-to-love and untrained dogs and find them homes. The show focuses on exercising responsibility and on developing a sense of appreciation for life and animals. Life lessons are an integral part of the overarching theme of rescuing these animals from death and providing a second chance for life. Following McMillan's investigations into how to retrain these animals to make them welcome members in the homes of families is both educational and inspirational - encouraging this demographic to become sensitive to our own and others' behavior and teaching how we as individuals can make a difference. This program is specifically designed to further the educational and informational needs of children, has educating and informing children as a significant purpose, and otherwise meets the definition of Core Programming as specified in the Commission's rules.</p>

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Save Our Shelter is a series focusing on the "rescue" of animal shelters and pets in need across America. Each week, hosts Rocky Kanaka and Rob North, with the help of local community members, transform run-down shelters into highly functioning pet showplaces in the hopes that a new facade will ultimately result in more adoptions and lives saved. Produced for children 13-16 years old, Save Our Shelter will inform young people about the urgent need for pet adoption throughout the United States and how providing a clean and well-equipped home is essential to a pet's healthy lifestyle. Save Our Shelter will demonstrate that the proper care of pets reflects our best human qualities. By expressing this ultimate example of kindness, teens will learn an important educational lesson that will last a lifetime.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Dream Quest is a weekly half-hour series produced for children 13-16 years of age. The series brings the world to young people and their families by fulfilling the desire to learn through experience. Our ship is a floating classroom designed to give families the real-life education of a lifetime. Led by a seasoned captain, cruise director, and highly skilled crew, Dream Quest brings families on an interactive voyage where they learn about the world's amazing oceans, the animals that swim beneath the water, and the ecological advancements underway to preserve and protect our most precious resources. Each week, the Dream Quest crew utilizes the ship's indoor and outdoor facilities to engage a lucky family in a dynamic "classroom on the sea". Families will learn how scientific education can lead to careers that are rewarding and illuminating, while spending time together on amazing adventures. Teens will learn what it takes to pursue their dreams, and may be inspired to try something new along the way.
