Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Supported by a team of Georgia Aquarium biologists, veterinarians and other experts, Jeff Corwin travels the world to explore the Earth's least understood resource, our oceans and waterways and the animals which call them home. He swims with manta rays pointing out that their body form was the inspiration for the design of the stealth jet. While in the water with whale sharks, he takes samples of their blood to better understand their biology. As Jeff continues his journey through each episode, the viewer is able to connect with these animals and learn how important they are to all life on the planet as well as how sea life connects to life on the rest of the globe. This program aired on the station's third digital stream; 47.3.

Program Title	Xploration Weird But True
Origination	Syndicated
Days/Times Program Regularly Scheduled	Friday: 9/9-9/30/16, 7:00am
Total times aired at regularly scheduled time	4
Length of Program	30 mins
Age of Target Child Audience from	13 years to 16 years

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	This series is hosted by Charlie and Kirby Engleman, both National Geographic Junior Explorers. Each week, they explore a new topic to understand the science behind the world and its wildlife. Examples include setting off to explore the biggest meteor crater in the U.S. and meeting a real-life meteorite hunter. Along the way, they discover that meteor crash sites can turn into quicksand. They inspire teens to question the how and why behind the way our world works, and encourage them to discover answers to their most curious questions. This program will air on the station's main digital stream.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.

Supported by a team of Georgia Aquarium biologists, veterinarians, and other experts, Jeff Corwin travels the world to explore the Earth's least understood resource, our oceans and waterways and the animals which call them home. He swims with manta rays, pointing out that their body form was the inspiration for the design of the Stealth jet. While in the water with whale sharks, he takes samples of their blood to better understand their biology. As Jeff continues his journey through each episode, the viewer is able to connect with these animals and learn how important they are to all life on the planet, as well as how sea life connects to life on the rest of the globe. This program will air on the station's third digital stream; 47.3.
