Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Astroblast, based on the book series by author and illustrator Bob Kolar, is set on a space station in an unknown solar system. Five animal characters and one three eyed octopus of unknown derivation populate the station. Each episode begins with an everyday conversation or incident that grows into a predicament needing a solution. While these predicaments take place in a fantasy environment, the issues and resolutions resonate for a preschool audience. Through comedy and zippy action, our target audience sees how the characters learn lessons for practical living such as how to keep track of things that belong to you, practice good habits, clean up when you have made a mess, rebound from a failure or an embarrassing incident, or resist the urge to blame others for your mistakes.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Terrific Trucks is based on the idea that every big truck and earth moving vehicle has a real life and a very unique personality that fits the specific type of work they do. In this live-action series, actual big trucks are personified and live in their quarry ready to hit the road to complete all kinds of earth moving, heavy lifting, car crushing, and big maneuvering projects that are sent to their messenger, Mr. Bill Board, a huge digital sign that receives electronically delivered job requests for the team. Bill Board calls the team to assemble as he describes the work. Tork (an earnest dump truck and team leader) organizes the project and gives assignments to the team members. They are Sparky (an amiable front-end loader), Dug (a diligent and indispensable excavator for almost all the jobs), Stotz (an immaculate and vain 18-wheeler semi hauler), and Blinker (the youngest and playful mini front end loader). Invariably they have challenges and risks to manage with each job, but they get resolved with team efforts and mutual respect. Nonetheless, the best part of the day is coming home to the yard satisfied with what they have accomplished, and ready for a nice warm truck wash before they go in formation and sleep for the night.

Include any other comments or information you want the Commission to consider in evaluating your compliance with the Children's Television Act (or use this space for supplemental explanations). This may include information on any other noncore educational and informational programming that you aired this quarter or plan to air during the next quarter, or any existing or proposed non-broadcast efforts that will enhance the educational and informational value of such programming to children. See 47 C.F.R. Section 73.671, NOTES 2 and 3.	One or more episodes of children's programming that was preempted during the quarter was not rescheduled. The Digital Core Programming Summary section of this report would not permit the station to include preemption reports for such unrescheduled preemptions, and FCC Staff has advised that no preemption report for such unrescheduled episode is necessary. During third quarter 2016, WVTM-TV aired seven additional episodes of the regularly scheduled core childrens program Teen Kids News. In each instance that a Special Edition of Teen Kids News aired, it was aired back-to-back with another episode of Teen Kids News, which created a series of mini-marathons of the program at points throughout the quarter. These additional airings of the program were intended to help increase audience awareness of the program and to further educate and inform teen children viewers about topical, current news events, during a significant election year. These additional core episodes were promoted as special editions and viewers were made aware of the times via crawls and program services.
