Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	The "Aqua Kids" have their sights set on saving the oceans of the world. Pollution and abuse of these natural resources are taking their toll. Entire species of fish have disappeared, marine mammals are dying from ingesting plastic, and toxic waste in our waterways is destroying habitat and marine life. The "Aqua Kids" will be looking for adventure and knowledge, and along the way, tackle some ecological dilemmas. This group of knowledge-seeking kids will start right in their own backyards, beginning with local streams that eventually lead to the oceans of the world. By pointing out the problems they encounter, they hope to educate their peers on what they can do to solve these environmental dilemmas. In most cases, it is not too late to change the tide of destruction.
