Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	A whole new generation has made the environment climate change and going green their cause. Eco Company was created to chronicle the passions of this new generation and to answer their questions. Eco Company is a national TV show hosted by a dynamic and diverse group of teens who combine their natural curiosity with their enthusiasm for preserving the planet they will inherit. Eco Company provides CORE programming in the area of the environment and preservation of the earth's resources. Eco Company explores all aspects of being green and understanding how our actions impact the world. The E-Co team find out about climate change by asking questions to discover the truths and myths of the climate change issue. They learn about alternative energies by visiting wind farms and solar installations and discovering new energy technologies currently under development. They learn more about recycling, conservation and organics. The ETeam profiles teens and school organizations who have taken it upon themselves to make a difference, young entrepreneurs who are taking their passion for green to develop ideas, and new products for a sustainable future. Most importantly, each story and each feature is reported by teens and told from their perspective. Additionally Eco Company regularly provides practical tips that teens, and people of all ages can use in their daily lives.
